## EC-COUNCIL EC-Council Certified CISO (CCISO) Sample Questions (Q225-Q230):

### NEW QUESTION # 225

The single most important consideration to make when developing your security program, policies, and processes is:

- A. Streaming for efficiency
- B. Budgeting for unforeseen data compromises
- C. Establishing your authority as the Security Executive
- D. Alignment with the business

Answer: D

### NEW QUESTION # 226

Which of the following intellectual Property components is focused on maintaining brand recognition?

- A. Research Logs
- B. Patent
- C. Copyright
- **D. Trademark**

**Answer: D**

Explanation:

Intellectual Property and Brand Recognition: Trademarks protect symbols, names, and slogans used to identify and distinguish products or services. This ensures consistent brand recognition and protects against misuse or counterfeit.

Why Other Options Are Incorrect:

- \* B. Patent: Protects inventions, not brand identity.
- \* C. Research Logs: Not directly related to intellectual property protection or branding.
- \* D. Copyright: Protects creative works but does not focus on branding.

References: Trademarks are highlighted by EC-Council as essential for maintaining brand recognition and trust in intellectual property management.

#### **NEW QUESTION # 227**

A newly appointed security officer finds data leakage software licenses that had never been used. The officer decides to implement a project to ensure it gets installed, but the project gets a great deal of resistance across the organization.

Which of the following represents the MOST likely reason for this situation?

- A. The security officer should allow time for the organization to get accustomed to her presence before initiating security projects
- B. The software is out of date and does not provide for a scalable solution across the enterprise
- **C. The project was initiated without an effort to get support from impacted business units in the organization**
- D. The software license expiration is probably out of synchronization with other software licenses

**Answer: C**

#### **NEW QUESTION # 228**

The executive board has requested that the CISO of an organization define and Key Performance Indicators (KPI) to measure the effectiveness of the security awareness program provided to call center employees.

Which of the following can be used as a KPI?

- A. Number of callers who report a lack of customer service from the call center
- B. Number of callers who report security issues.
- C. Number of callers who abandon the call before speaking with a representative
- **D. Number of successful social engineering attempts on the call center**

**Answer: D**

#### **NEW QUESTION # 229**
