Implementing Cisco Enterprise Advanced Routing and Services

Our 300-410 practice materials are distributed at acceptable prices. These interactions have inspired us to do better. Now passing rate of them has reached up to 98 to 100 percent. By keeping minimizing weak points and maiming strong points, our 300-410 Exam Materials are nearly perfect for you to choose. As a brand now, many companies strive to get our 300-410 practice materials to help their staffs achieve more certifications for our quality and accuracy.

Cisco Implementing Cisco Enterprise Advanced Routing and Services Sample Questions (Q326-Q331):

NEW QUESTION # 326

Refer to the exhibit.

□ An engineer is trying to redistribute OSPF to BGP, but not all of the routes are redistributed. What is the reason for this issue?

- A. By default, only internal OSPF routes are redistributed into BGP
- B. Only classful networks are redistributed from OSPF to BGP
- C. BGP convergence is slow, so the route will eventually be present in the BGP table
- D. By default, only internal routes and external type 1 routes are redistributed into BGP

Answer: A

Explanation:

Explanation

If you configure the redistribution of OSPF into BGP without keywords, only OSPF intra-area and inter-area routes are redistributed into BGP, by default.

You can redistribute both internal and external (type-1 & type-2) OSPF routes via this command:

Router(config-router)#redistribute ospf 1 match internal external 1 external 2

NEW QUESTION # 327

Refer to the exhibit.

□ Why is user authentication being rejected?

- A. The TACACS+ server refuses the user because the user is set up for CHAP.
- B. The TACACS+ server is down, and the user is in the local database.
- C. The TACACS+ server is down, and the user is not in the local database.
- D. The TACACS+ server expects "user", but the NT client sends "domain/user".

Answer: C

Explanation:

NEW QUESTION # 328

□ Refer to the exhibit. The network administrator configured the branch router for IPv6 on the E 0/0 interface. The neighboring router is fully configured to meet requirements, but the neighbor relationship is not coming up. Which action fixes the problem on the branch router to bring the IPv6 neighbors up?

- A. Disable OSPF for IPv4 using the no ospfv3 4 area 0 ipv4 command under the E 0/0 interface.
- B. Enable the IPv4 address family under the E 0/0 interface by using the address-family ipv4 unicast command
- C. Enable the IPv4 address family under the router ospfv3 4 process by using the address-family ipv4 unicast command
- D. Disable IPv6 on the E 0/0 interface using the no ipv6 enable command

Answer: C

Explanation:

Once again, Cisco changed the IOS configuration commands required for OSPFv3 configuration. The new OSPFv3 configuration uses the "ospfv3" keyword instead of the earlier "ipv6 router ospf" routing process command and "ipv6 ospf" interface commands.

The Open Shortest Path First version 3 (OSPFv3) address families feature enables both IPv4 and IPv6 unicast traffic to be supported. With this feature, users may have two processes per interface, but only one process per address family (AF).

NEW QUESTION # 329

How are MPLS Layer 3 VPN services deployed?

- A. The RD and RT values under a VRF must match on the remote PE router.
- B. The import and export RT values under a VRF must always be the same.
- C. The label switch path must be available between the local and remote PE routers.
- D. The RD and RT values must match under the VRF.

Answer: C

NEW QUESTION # 330

Drag and drop the MPLS VPN device types from the left onto the definitions on the right.

Answer:

Explanation:

NEW QUESTION # 331

.....

The product FreeDumps provide with you is compiled by professionals elaborately and boosts varied versions which aimed to help you pass the 300-410 exam by the method which is convenient for you. It is not only cheaper than other dumps but also more effective. The high pass rate of our 300-410 Study Materials has been approved by thousands of candidates, they recognized our website as only study tool to pass 300-410 exam.
