100% Pass Quiz M2 - Commercial Mechanical Inspector Updated Valid Test Vce

There is nothing more important than finding the best-quality M2 practice questions for your exam preparation that will appear in the M2 actual test. To help our candidate solve the difficulty of M2 real exam, we prepared the most reliable questions and answers for the exam preparation, which comes in three versions. Our aim is help our candidates realize their ability by practicing our M2 Exam Questions and pass exam easily.

International Code Council Commercial Mechanical Inspector Sample Questions (Q45-Q50):

NEW QUESTION # 45

A cooling system with a condensate disposal system:

- A. shall be made of an approved pipe and be at least 1/2-inch in diameter.
- B. shall have all horizontal sections of drain piping installed with a minimum of 1/4 inch per foot slope.
- C. shall be made of approved corrosion-resistant material and shall not decrease in size from the drain pan connection to the place of condensate disposal.
- D. shall not be less than 3/4-inch PVC pipe or equivalent approved material.

Answer: C

Explanation:

The ICC mechanical code requires condensate disposal components to be of approved corrosion-resistant material, and the drain line shall not decrease in size from the drain pan connection to the place of disposal.

The code minimum size is 3/4 inch, so the 1/2-inch statement is incorrect, and the code is not limited to PVC only. Also, the slope requirement for horizontal drain piping is not less than 1/8 inch per foot, not 1/4 inch per foot. That makes Option A the only fully

correct statement.

NEW QUESTION # 46

When a permit is issued, the code requires that one set of approved plans and specifications be returned to the applicant. This set of plans and specifications shall be:

- A. returned to the architect.
- B. retained by the applicant for at least one year after the job is finished in the event modifications are made.
- C. filed with the county clerk or jurisdiction to properly record the property.
- D. kept on the building site.

Answer: D

Explanation:

Under the ICC administrative provisions used with the mechanical code, one approved set is retained by the code official, and one approved set is returned to the applicant. The returned set must be kept on the site of the building or job while the authorized work is in progress. That directly matches Option A . It does not require return to the architect, filing with the county clerk, or retention for one year after completion.

NEW QUESTION # 47

An equipment shutoff valve shall be in the same room and not more than how many feet away from the appliance?

- A. 0
- B. 1
- C. 2
- D. 3

Answer: C

Explanation:

The IFGC requires the appliance shutoff valve to be located in the same room as the appliance and within 6 feet of the appliance . Therefore, the correct answer is A .

NEW QUESTION # 48

Exhibit:

□ CEF-5 is a ceiling exhaust fan manufactured by:

- A. Markel
- B. Nutone
- C. G.E.
- D. Carnes

Answer: B

Explanation:

This is also an exhibit-reading question. From the equipment schedule in the image, CEF-5 is listed as a Nutone unit, so Option D is correct. This falls under reading commercial mechanical drawings and equipment schedules related to exhaust/ventilation components.

NEW QUESTION # 49

All exposed gas piping shall be kept above grade a minimum of _____ inches.

- A. 0
- B. 3.5
- C. 8.5
- D. 1

Answer: B

Explanation:

The IFGC rule for above-ground outdoor piping requires piping installed outdoors to be elevated not less than 3 1/2 inches above ground, and where installed across roof surfaces, not less than 3 1/2 inches above the roof surface. Therefore, the correct answer is A.

NEW QUESTION # 50

.....

With M2 study tool, you are not like the students who use other materials. As long as the syllabus has changed, they need to repurchase learning materials. This not only wastes a lot of money, but also wastes a lot of time. Our industry experts are constantly adding new content to M2 Exam Torrent based on constantly changing syllabus and industry development breakthroughs. We also hire dedicated staff to continuously update our question bank daily, so no matter when you buy M2 guide torrent, what you learn is the most advanced.
