	<input type="text" value="Post shipper's invoice"/>
	<input type="text" value="Post purchase invoice"/>
	<input type="text" value="Update purchase order charges"/>
Update shipment's tracking.	<input type="text" value="Use voyage tracking"/>
	<input type="text" value="Use voyage tracking"/>
	<input type="text" value="Add voyage activities"/>
	<input type="text" value="Update journey template"/>

**Answer:**

**Explanation:**

**Answer Area**

Requirement	Option
Update item's final inventory cost.	<input type="text" value="Post shipper's invoice"/>
	<input type="text" value="Post shipper's invoice"/>
	<input type="text" value="Post purchase invoice"/>
	<input type="text" value="Update purchase order charges"/>
Update shipped item's ownership.	<input type="text" value="Post purchase invoice"/>
	<input type="text" value="Post shipper's invoice"/>
	<input type="text" value="Post purchase invoice"/>
	<input type="text" value="Update purchase order charges"/>
Update shipment's tracking.	<input type="text" value="Use voyage tracking"/>
	<input type="text" value="Use voyage tracking"/>
	<input type="text" value="Add voyage activities"/>
	<input type="text" value="Update journey template"/>

**Explanation**

**Answer Area**

Requirement	Option
Update item's final inventory cost.	<input type="text" value="Post shipper's invoice"/>
Update shipped item's ownership.	<input type="text" value="Post purchase invoice"/>
Update shipment's tracking.	<input type="text" value="Use voyage tracking"/>

#### NEW QUESTION # 151

A client uses Dynamics 365 Supply Chain Management to manage prospects and the sales cycle.

A sales representative needs to create a sales quotation for a current prospect and validate that the 40 percent margin requirements are being met.

You need to create the sales quotation, verify the margin requirements, and send the quotation to the prospect.

Which four actions should you perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.

Actions	Answer area
Add lines to the sales quotation.	
Use the price simulation tool.	
Create a sales order for the prospect.	
Send the quotation.	
Create a sales quotation for the prospect.	
Use the order events function.	

**Answer:**

**Explanation:**

Actions	Answer area
Add lines to the sales quotation.	Create a sales order for the prospect.
Use the price simulation tool.	Add lines to the sales quotation.
Create a sales order for the prospect.	Use the price simulation tool.
Send the quotation.	Send the quotation.
Create a sales quotation for the prospect.	
Use the order events function.	

**Explanation:**

Create a sales quotation for the prospect.
Add lines to the sales quotation.
Use the price simulation tool.
Send the quotation.

#### NEW QUESTION # 153

A company uses Dynamics 365 Supply Chain Management for inventory management in a single warehouse.

The warehouse is experiencing vendor supply issues with several specific groups of products. The demand and supply for products needs to be viewed for the warehouse using a master planning model for different periods of time.

You need to view the information in a single location.

Which configuration should you use for each requirement?

To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

Requirement	Configuration
View a family of products.	<div> <div></div> <div>▼</div> </div> <div>Item model group</div> <div>Item allocation key</div> <div>Item coverage groups</div> <div>Product category</div>
Define the groupings that are used to view inventory.	<div> <div></div> <div>▼</div> </div> <div>Fiscal calendars</div> <div>Plan groups</div> <div>Period template</div> <div>Time fence</div>

**Answer:**

Explanation:

Requirement	Configuration
View a family of products.	<div>▼</div> <ul style="list-style-type: none"> <li>Item model group</li> <li>Item allocation key</li> <li>Item coverage groups</li> <li>Product category</li> </ul>
Define the groupings that are used to view inventory.	<div>▼</div> <ul style="list-style-type: none"> <li>Fiscal calendars</li> <li>Plan groups</li> <li>Period template</li> <li>Time fence</li> </ul>
