The person who has been able to succeed is because that he believed he can do it. ExamPrepAway is able to help each IT person, because it has the capability. ExamPrepAway AACE International AACE-PSP exam training materials can help you to pass the exam. Any restrictions start from your own heart, if you want to pass the AACE International AACE-PSP examination, you will choose the ExamPrepAway.

AACE International Planning & Scheduling Professional (PSP) Exam Sample Questions (Q203-Q208):

NEW QUESTION # 203

What is the free float for Activity F?

□

- A. 1 months.
- B. 2 month.
- C. 3 months.
- D. 0 months.

Answer: D

NEW QUESTION # 204

As the project plan is developed a mechanism is developed to communicate the projects organic structures that will facilitate

reporting against the baseline schedule and cost estimate or budget Which of the following is NOT used for reporting?

- **A. The Resource Breakdown Structure (RBS)**
- B. The Organization Breakdown Structure (OBS)
- C. The Cost Breakdown Structure (CBS)
- D. The Work Breakdown Structure (WBS)

Answer: A

NEW QUESTION # 205

Which letter of the alphabet best approximates the graphical shape of a project's cumulative cost baseline, or budgeted cost of work scheduled?

- **A. S.**
- B. C.
- C. W.
- D. B.

Answer: A

Explanation:

The cumulative cost baseline typically forms an "S" curve, reflecting slow initial expenditures, accelerating progress during peak activities, and tapering off as the project concludes.

Option A, B, and D do not represent the characteristic shape of a project's cost curve.

The PSP Study Guide highlights the "S" curve as a standard graphical representation of cumulative project costs over time.

NEW QUESTION # 206

If the administrative constraints for developing the precedence diagram, as provided in the contract documents, indicate that no individual construction activities shall have a longer duration of two months, how many activities in the "normal" schedule would be affected?

□

- **A. 12.**
- B. 13.
- C. 14.
- D. Cannot be determined.

Answer: A

Explanation:

To determine how many activities in the "normal" schedule would be affected by the constraint of no activity exceeding a two-month duration (approximately 60 days):

Review the "Normal Schedule Days" Column:

Look for activities with a duration greater than 60 days in the "Normal Schedule Days" column of the table provided in the image.

Count the Affected Activities:

Count all activities where the "Normal Schedule Days" value exceeds 60.

Activities with durations greater than 60 days:

Activity ID 1000: 1072 days

Activity ID 1001: 85 days

Activity ID 2001: 92 days

Activity ID 3001: 152 days

Activity ID 4001: 152 days

Activity ID 5001: 102 days

Activity ID 6001: 140 days

Activity ID 6002: 115 days

Activity ID 6003: 152 days

Activity ID 9001: 175 days

Activity ID 9002: 180 days

Activity ID 9005: 72 days

Total Count:

There are 12 activities in the "normal" schedule exceeding the 60-day duration constraint.

Verified answer: A. 12.

Detailed Explanation with Reference: The constraint specifies that no activity should exceed a two-month (60-day) duration. By examining the "Normal Schedule Days" column, any activity with a duration greater than 60 days is non-compliant and therefore affected. The PSP study guide emphasizes reviewing contract requirements to ensure schedules adhere to such administrative constraints.

NEW QUESTION # 207

In a "crashed" schedule, which is a chain of activities that precede activity 2004?

□

- A. 1001, 2002, 2003
- **B. 1001, 2001, 2002, 2003**
- C. 1001, 2002, 2002, 2003, 3001
- D. 2001, 2002, 2003, 2007

Answer: B

Explanation:

* Crashed Schedule Predecessors to Activity 2004:

Activity 2004 (River Diversion to Pipeline) depends on completion of:

1001 (Preliminary Civil Work).

2001 (River Diversion Stage 1).

2002 (River Diversion Stage 2).

2003 (River Diversion Dam).

* Exclusion of Other Activities:

Activity 2007 is not part of the crashed schedule's direct predecessor chain.

Other options include duplicated or incorrect entries.

* PSP Study Guide Reference:

Logical sequence analysis confirms these predecessors (Ref: PSP Study Guide, Chapter 2A: Activity Sequencing and Critical Path Analysis).

NEW QUESTION # 208

.....

AACE-PSP guide torrent is authoritative. Over the years, our study materials have helped tens of thousands of candidates successfully pass the exam. AACE-PSP certification training is prepared by industry experts based on years of research on the syllabus. These experts are certificate holders who have already passed the certification. They have a keen sense of smell for the test. Therefore, AACE-PSP Certification Training is the closest material to the real exam questions. With our study materials, you don't have to worry about learning materials that don't match the exam content.
