## NEW QUESTION # 136
Why is the 'learn from experience' principle applied to a project?

- A. To enable the project team to use tolerances to delegate authority
- B. To enable the project team to develop a business case for the project
- C. To allow the project to be divided into management stages
- D. To enable the project team to repeat successes from previous projects

**Answer: D**

Explanation:
The 'learn from experience' principle in PRINCE2 is applied to ensure that lessons are sought, recorded, and acted upon throughout the life of the project. This principle helps the project team to replicate successes and avoid repeating past mistakes, thereby improving the efficiency and effectiveness of the project. References:
