F5 F5CAB2 Exam Questions: Reduce Your Chances Of Failure

Exam B F5 101 100 Questions and Answers 2023-2024 with complete solution

What does HTTP status code 500 mean?   - A. Service unavailable
B. Internal server error ###
C. Gateway timeout
D. Bad gateway

An administrator wants to insert per-session data in a users browser so that user requests are directed to the same session.
Which session persistence method should the administrator use?   - A. SSL persistence
B. Source address persistence
C. Destination address persistence
D. Cookie persistence ###

An organization needs to protect its data center from layer three-based and layer four-based exploits.
Which F5 product provides this functionality   - A. AFM ###
B. ASM
C. GTM
D. APM

In which FTP mode is the server responsible for initiating the data correction back to the client?   - A. Protected FTP
B. Active FTP ###
C. Secure FTP
D. Passive FTP

A company deploys F5 load balancers to manage a large number of secure applications. The company manage certificates. Which F5 product provides this functionality?   - A. iHealth
B. BIG-IQ ###
C. GTM
D. LTM

What are two examples of network layer protocols? (Choose two)   - A. ARP ###
B. TCP
C. IPv4
D. BGP
E. ICMP ###

Our F5CAB2 exam prep is elaborately compiled and highly efficiently, it will cost you less time and energy, because we shouldn't waste our money on some unless things. The passing rate and the hit rate are also very high, there are thousands of candidates choose to trust our F5CAB2 Guide Torrent and they have passed the exam. We provide with candidate so many guarantees that they can purchase our study materials no worries. The F5CAB2 exam prep we provide can help you realize your dream to pass exam and then own a F5CAB2 exam torrent.

It is known to us that the 21st century is an information era of rapid development. Now the people who have the opportunity to gain the newest information, who can top win profit maximization. In a similar way, people who want to pass F5CAB2 exam also need to have a good command of the newest information about the coming exam. However, it is not easy for a lot of people to learn more about the information about the study materials. Luckily, the F5CAB2 exam dumps from our company will help all people to have a good command of the newest information. Because our company have employed a lot of experts and professors to renew and update the F5CAB2 test training guide for all customer in order to provide all customers with the newest information. If you also choose the F5CAB2 study questions from our company, we can promise that you will have the chance to enjoy the newest information provided by our company.

Quiz 2026 Unparalleled F5 F5CAB2: BIG-IP Administration Data Plane

Concepts (F5CAB2) Pdf Version

If you are very busy, you can only take two or three hours a day to study our F5CAB2 study engine. Then I tell you this is enough! After ten days you can go to the exam. With such an efficient product, you really can't find the second one! In any case, many people have passed the exam after using F5CAB2 Training Materials. This is a fact that you must see. As long as you are still a sensible person, you will definitely choose F5CAB2 practice quiz. Don't hesitate! Time does not wait!

F5 BIG-IP Administration Data Plane Concepts (F5CAB2) Sample Questions (Q19-Q24):

NEW QUESTION # 19
Refer to the exhibit.

Network » Self IPs » self_vlan1033

Properties

Configuration

Name	self_vlan1033
Partition / Path	Common
IP Address	10.10.20.1
Netmask	255.255.255.0
VLAN / Tunnel	vlan_1033 ⬍
Port Lockdown	Allow None ⬍
Traffic Group	☐ Inherit traffic group from current partition / path traffic-group-local-only (non-floating)
Service Policy	None ⬍

Network » VLANs : VLAN List » vlan_1033

☼ ▾ | Properties | Layer 2 Static Forwarding Table
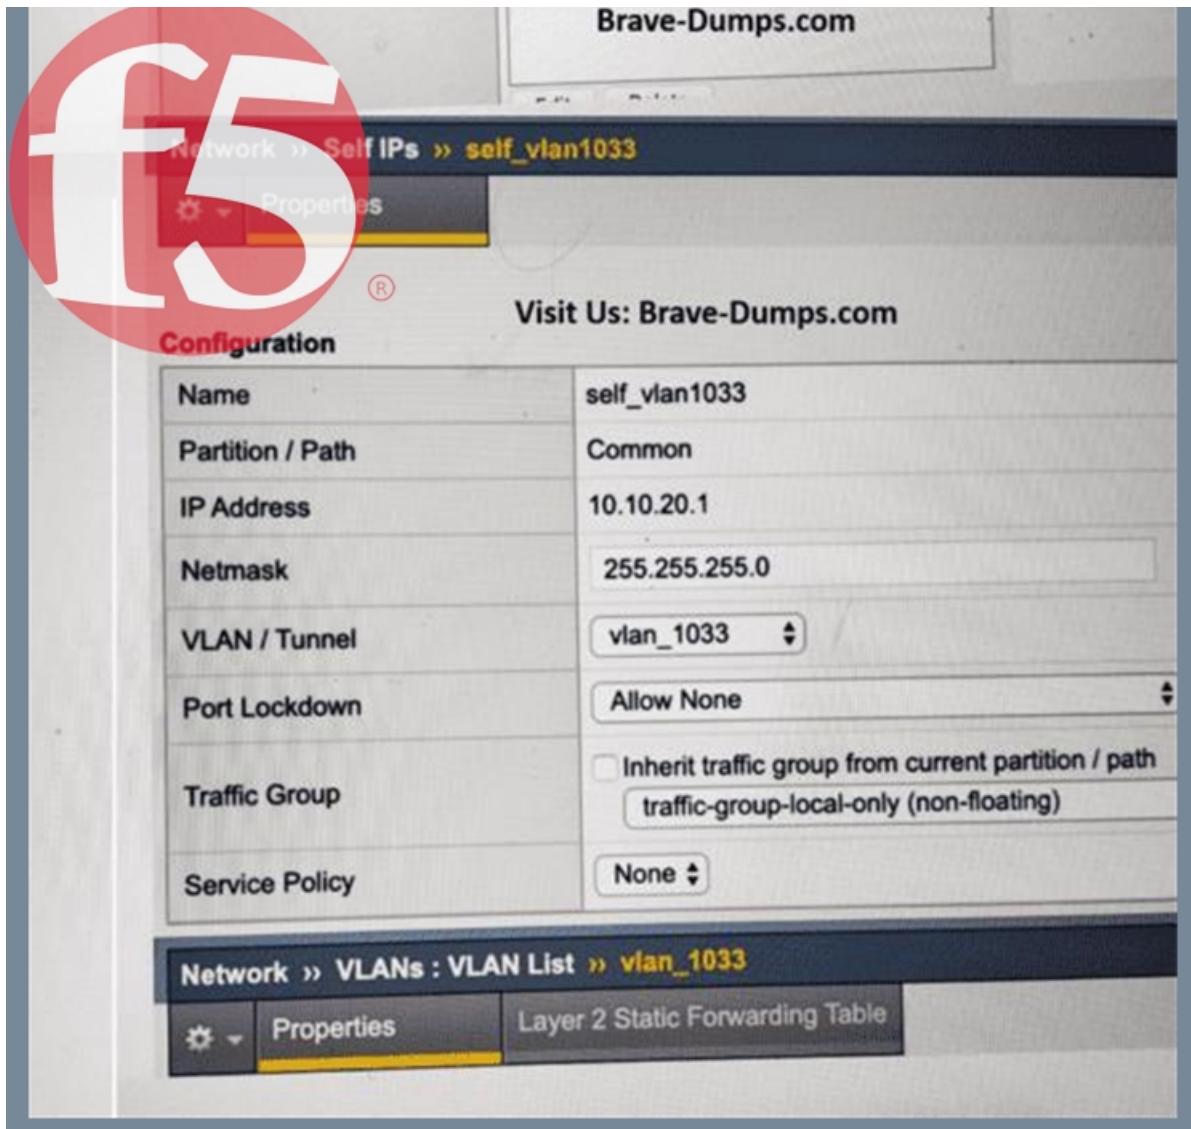

The network team creates a new VLAN on the switches. The BIG-IP Administrator creates a new VLAN and a Self IP on the BIG-IP device, but the servers on the new VLAN are NOT reachable from the BIG-IP device.

Which action should the BIG-IP Administrator take to resolve this issue? (Choose one answer)

- A. Set Port Lockdown of the Self IP to Allow All
- B. Assign a physical interface to the new VLAN
- C. Create a Floating Self IP address
- D. Change Auto Last Hop to enabled

Answer: B

Explanation:
Comprehensive and Detailed Explanation (BIG-IP Administration - Data Plane Concepts):
For BIG-IP to send or receive traffic on a VLAN, that VLAN must be bound to a physical interface or a trunk. Creating a VLAN object and a Self IP alone is not sufficient to establish data-plane connectivity.
From the exhibit:
The VLAN (vlan_1033) exists and has a tag defined.
A Self IP is configured and associated with the VLAN.
However, traffic cannot reach servers on that VLAN.
This indicates a Layer 2 connectivity issue, not a Layer 3 or HA issue.
Why assigning a physical interface fixes the problem:
BIG-IP VLANs do not carry traffic unless they are explicitly attached to:
A physical interface (e.g., 1.1), or
A trunk
Without an interface assignment, the VLAN is effectively isolated and cannot transmit or receive frames, making servers unreachable regardless of correct IP addressing.

Why the other options are incorrect:

A . Set Port Lockdown to Allow All

Port Lockdown controls which services can be accessed on the Self IP (management-plane access), not whether BIG-IP can reach servers on that VLAN.

B . Change Auto Last Hop to enabled

Auto Last Hop affects return traffic routing for asymmetric paths. It does not fix missing Layer 2 connectivity.

D . Create a Floating Self IP address

Floating Self IPs are used for HA failover. They do not resolve reachability issues on a single device when the VLAN itself is not connected to an interface.

Conclusion:

The servers are unreachable because the VLAN has no physical interface assigned. To restore connectivity, the BIG-IP Administrator must assign a physical interface (or trunk) to the VLAN, enabling Layer 2 traffic flow.

NEW QUESTION # 20

A virtual server is listening at 10.10.1.100:80 and has the following iRule associated with it:

when HTTP_REQUEST { if { [HTTP::header UserAgent] contains "MSIE" }

{ pool MSIE_pool }

else { pool Mozilla_pool }

If a user connects to http://10.10.1.100/foo.html and their browser does not specify a UserAgent, which pool will receive the request?

- A. Mozilla_pool
- B. Unknown. The pool cannot be determined from the information provided.
- C. MSIE_pool
- D. None. The request will be dropped.

Answer: A

NEW QUESTION # 21

A BIG-IP system receives UDP traffic from a specific source. The administrator wants the traffic to be forwarded, not dropped or rejected. Which virtual server type should be used? (Choose one answer)

- A. Reject
- B. Drop
- C. Standard
- D. Block

Answer: C

Explanation:

Comprehensive and Detailed Explanation From BIG-IP Administration Data Plane Concepts documents:

BIG-IP virtual server types define how traffic is handled at the data plane when it matches a virtual server's destination address and service port.

According to BIG-IP Administration Data Plane Concepts:

Standard virtual server

The default and most commonly used type

Accepts client connections and forwards traffic to pool members

Supports both TCP and UDP traffic

Allows full use of profiles (UDP, FastL4, persistence, etc.) and iRules Required when the goal is to process and pass traffic through BIG-IP Drop virtual server Silently discards matching traffic No response is sent to the client Reject virtual server Actively rejects traffic by sending an error response For UDP, BIG-IP may send an ICMP unreachable message Block virtual server Used to block traffic at the virtual server level Traffic is neither forwarded nor processed by pools In this scenario:

The administrator explicitly wants the UDP traffic to be forwarded

Only a Standard virtual server forwards traffic to a pool or next-hop destination Why the Other Options Are Incorrect:

A . Drop - Traffic is silently discarded

B . Reject - Traffic is actively rejected

C . Block - Traffic is blocked and not forwarded

Key Data Plane Concept Reinforced:

When traffic must be accepted and forwarded-regardless of whether it is TCP or UDP-the BIG-IP administrator must use a

Standard virtual server, which is the only virtual server type designed for normal application traffic processing.

NEW QUESTION # 22

A virtual server is listening at 10.10.1.100:any and has the following iRule associated with it:
when CLIENT_ACCEPTED { if {[TCP::local_port] equals 21 } { pool
ftppool } elseif {[TCP::local_port] equals 23 } { pool telnetpool }
If a user connects to 10.10.1.100 and port 22, which pool will receive the request?

- A. Unknown. The pool cannot be determined from the information provided.
- B. telnetpool
- C. ftppool
- D. None. The request will be dropped.

Answer: A

NEW QUESTION # 23

What is required for a virtual server to support clients whose traffic arrives on the internal VLAN and pool members whose traffic arrives on the external VLAN?

- A. That support is never available.
- B. The virtual server must be enabled for both VLANs.
- C. The virtual server must be enabled on the internal VLAN.
- D. The virtual server must be enabled on the external VLAN.

Answer: C

NEW QUESTION # 24

......

Once you ensure your grasp on the F5CAB2 Questions and answers, evaluate your learning solving the F5CAB2 practice tests provided by our testing engine. This innovative facility provides you a number of practice questions and answers and highlights the weak points in your learning. You can improve the weak areas before taking the actual test and thus brighten your chances of passing the exam with an excellent score. Moreover, doing these practice tests will impart you knowledge of the actual exam format and develop your command over it.

F5CAB2 Valid Test Answers: https://www.passtestking.com/F5/F5CAB2-practice-exam-dumps.html

With experienced experts to compile F5CAB2 study materials, they are high-quality and accuracy, and you can pass the exam just one time, Also online test engine of F5CAB2 Valid Test Answers - BIG-IP Administration Data Plane Concepts (F5CAB2) study materials support Windows / Mac / Android / iOS, etc., because it is the software based on WEB browser, F5CAB2 practice questions are stable and reliable exam questions provider for person who need them for their exam.

Search is a powerful feature of the Properties panel F5CAB2 and can help significantly reduce confusion and aid in productivity, What Exactly Is the Internet, Anyway, With experienced experts to compile F5CAB2 Study Materials, they are high-quality and accuracy, and you can pass the exam just one time.

Realistic F5CAB2 Pdf Version & Guaranteed F5 F5CAB2 Exam Success with Top F5CAB2 Valid Test Answers

Also online test engine of BIG-IP Administration Data Plane Concepts (F5CAB2) study materials Exam F5CAB2 Voucher support Windows / Mac / Android / iOS, etc., because it is the software based on WEB browser, F5CAB2 practice questions are stable and reliable exam questions provider for person who need them for their exam.

You can compare our F5CAB2 exam study material with materials from peer, A good F5CAB2 valid exam prep will make you half the work with doubt the results.
