The CBCP-002 exam is ideal for professionals who are involved in business continuity planning, disaster recovery, and crisis management, including business continuity managers, IT managers, security managers, and risk managers. Achieving this certification can help professionals increase their knowledge and skills in these areas and improve their career prospects. It also demonstrates a commitment to professionalism and a dedication to ensuring the safety and continuity of an organization's operations in the face of unexpected disruptions.

GAQM CBCP-002: Certified Business Continuity Professional (CBCP) exam is a certification program designed to evaluate the knowledge and skills of professionals in the field of business continuity planning. CBCP-002 Exam is intended for professionals who are responsible for the development, implementation, and maintenance of business continuity plans in their organizations. The CBCP certification recognizes the individual's ability to manage and coordinate the activities required to maintain business continuity in the event of a disruption.

GAQM Certified Business Continuity Professional (CBCP) Sample Questions (Q21-Q26):

NEW QUESTION #21

Which certification centre provides the physical infrastructure?

- A. Facility
- B. Service

Answer: A

Explanation:

A facility certification center is a center that provides the physical infrastructure for testing and certifying the functionality and performance of products, systems, or services. A facility certification center may have specialized equipment, tools, environments, or standards that can simulate real-world conditions or scenarios.

A facility certification center may also have qualified staff, experts, or auditors who can conduct the testing and certification process. Verified References: https://www.iso.org/publication/PUB100442.htmlhttps://www.

NEW QUESTION #22

In the event of a disaster, notification shall be given to each employee by either the HR Department Manager or through the firm's emergency notice system

- A. True
- B. False

Answer: A

Explanation:

Explanation

In the event of a disaster, notification shall be given to each employee by either the HR Department Manager or through the firm's emergency notice system. This is true because communication is a vital component of any disaster recovery and business continuity plan. Employees need to be informed of the situation, their roles and responsibilities, and the actions they need to take to ensure their safety and the continuity of the business.

The HR Department Manager or the emergency notice system are the designated channels for communicating with employees during a disaster. Verified References:

NEW QUESTION #24

A consultant is a person who borrows your watch to tell you the time, charges you for doingso and then sells you back your watch.

- A. True
- B. False

Answer: B

Explanation:

Explanation

A consultant is a person who borrows your watch to tell you the time, charges you for doing so and then sells you back your watch. This is false because it is a cynical and unfair description of a consultant's role and value. A consultant is a person who provides professional or expert advice in a specific field or domain. A consultant can help an organization to identify problems, analyze situations, develop solutions, implement changes, improve performance, or achieve goals. A consultant can also provide knowledge, skills, tools, or resources that the organization may not have or need temporarily. NEW QUESTION #25

Which type of risk is related to human error or achievement?

- A. Strategic
- B. Commercial
- C. Operational
- D. Technical

Answer: C

Explanation:

Explanation

Operational risk is the type of risk that is related to human error or achievement. Operational risk is the uncertainty or variability of the execution or outcome of an organization's functions or processes. Operational risk can result from factors such as inadequate policies, procedures, systems, controls, skills, training, supervision, or compliance. Operational risk can affect an organization's operational efficiency, quality, safety, security, reputation, or profitability.
