Salesforce Certified Platform Foundations Sample Questions (Q29-Q34):

NEW QUESTION # 29
Where can a org's service status and performance degradation information be found?

- A. Salesforce
- B. Salesforce help
- C. AppExchange portal

Answer: A

Explanation:
The Salesforce Trust site is where an org's service status and performance degradation information can be found. The Salesforce Trust site is a resource that provides transparency and real-time information about the availability, performance, security, privacy, and compliance of the Salesforce platform. The Salesforce Trust site allows the user to check the current and historical status of their org's instance, as well as subscribe to notifications and alerts about any maintenance or incidents. The AppExchange portal is a resource that provides access to thousands of apps and components that extend the functionality and features of the Salesforce platform. The AppExchange portal does not provide information about the service status and performance of the Salesforce platform. Salesforce Help is a resource that provides documentation, guides, videos, and support for Salesforce users who need assistance with using or troubleshooting Salesforce products and features. Salesforce Help does not provide information about the service status and performance of the Salesforce platform.

NEW QUESTION # 30
Get Cloudy Consulting (GCC) has recently been onboarded as a Salesforce customer. GCC wants to enroll its in-house IT administration team in a Salesforce instructor-led training workshop.
Which resource provides virtual and in-person learning that should help the team accelerate their Salesforce knowledge?

- A. Salesforce Help
- B. Trailhead Academy
- C. Trailhead Community

Answer: B

Explanation:
Trailhead Academy is the resource that provides virtual and in-person learning that should help the in-house IT administration team of Get Cloudy Consulting accelerate their Salesforce knowledge. Trailhead Academy offers instructor-led training workshops, certification preparation courses, and custom learning programs for various Salesforce roles and products

NEW QUESTION # 31
A Salesforce associate wants to quickly create an org where they can learn, practice, and develop Salesforce skills.

Which type of org should they create from within Trailhead?

- A. Developer Edition
- B. Sandbox
- C. Playground

Answer: A

Explanation:
The type of org that the associate should create from within Trailhead to quickly learn, practice, and develop Salesforce skills is a Playground. A Playground is a free, fully functional Salesforce org that you can use to test and explore the platform. You can create multiple Playgrounds from Trailhead and use them to complete hands-on challenges and projects1. A Developer Edition is a type of org that you can create from the Salesforce website, not from Trailhead. A Sandbox is a type of org that you can create from a production org as a copy of it for testing and development purposes

NEW QUESTION # 32
Which action(s) must be taken for Salesforce updates?

- A. Updates need to be downloaded with each release
- B. Updates require purchasing an updated license.
- C. Updates are automatic; nothing needs to be downloaded or installed.

Answer: C

Explanation:
Updates are automatic; nothing needs to be downloaded or installed is the correct action for Salesforce updates. Salesforce updates are a feature that allows the user to benefit from the latest features and functionality of the Salesforce platform without any hassle or interruption. Salesforce updates are delivered automatically to all orgs three times a year, in spring, summer, and winter. The user does not need to download or install anything to receive the updates, and the user's data and customization are preserved and compatible with the updates. Updates do not require purchasing an updated license, because the user's existing license covers the updates. Updates do not need to be downloaded with each release, because the updates are applied automatically to the user's org.

NEW QUESTION # 33
