

Pass Guaranteed Quiz Oracle - Accurate 1Z1-182 - Latest Oracle Database 23ai Administration Associate Version

2025 Latest CramPDF 1Z1-182 PDF Dumps and 1Z1-182 Exam Engine Free Share: <https://drive.google.com/open?id=1MZe1saTZyTCc8ytnqUOm-AoD2dhE81gG>

Our company constantly increases the capital investment on the research and innovation of our 1Z1-182 training materials and expands the influences of our 1Z1-182 study materials in the domestic and international market. Because the high quality and passing rate of our 1Z1-182 Practice Questions more than 98 percent that clients choose to buy our study materials when they prepare for the test 1Z1-182 certification. We have established a good reputation among the industry and the constantly-enlarged client base.

As we know, information disclosure is illegal and annoying. Of course, we will strictly protect your information. That's our society rule that everybody should obey. So if you are looking for a trusting partner with right 1Z1-182 guide torrent you just need, please choose us. I believe you will feel wonderful when you contact us. We have different 1Z1-182 Prep Guide buyers from all over the world, so we pay more attention to the customer privacy. Because we are in the same boat in the market, our benefit is linked together.

New 1Z1-182 Test Bootcamp, 1Z1-182 Valid Dumps Ebook

As is known to us, our company is professional brand established for compiling the 1Z1-182 study materials for all candidates. The 1Z1-182 study materials from our company are designed by a lot of experts and professors of our company in the field. We can promise that the 1Z1-182 Study Materials of our company have the absolute authority in the study materials market. We believe that the study materials designed by our company will be the most suitable choice for you.

Oracle Database 23ai Administration Associate Sample Questions (Q10-Q15):

NEW QUESTION # 10

You execute this command: [oracle@host01 ~]\$ expdp system/oracle FULL=Y DUMPFILE=exp_db_full.dmp PARALLEL=4 LOGFILE=exp_db_full.log JOB_NAME=exp_db_full. During the export operation, you detach from the job by using CTRL+C and then execute this command: Export> STOP_JOB=IMMEDIATE. Are you sure you wish to stop the job ([yes]/no): yes. Which two statements are true about the job?

- A. You cannot monitor it.
- B. It terminates.
- C. It continues to run in the background.
- D. You can reattach to it and monitor it.

Answer: B,D

Explanation:

- A .False. STOP_JOB=IMMEDIATE halts the job, not backgrounds it.
- B .False. You can monitor before stopping or after restarting.
- C .True. Before stopping, you can reattach with expdp attach=exp_db_full.
- D .True. STOP_JOB=IMMEDIATE terminates the job instantly.

NEW QUESTION # 11

Which two statements are true regarding Oracle database space management within blocks managed by Automatic Segment Space Management (ASSM)?

- A. PCTFREE defaults to 10% for all blocks in all segments for all compression methods.
- B. The first block with enough free space to accommodate a row being inserted will always be used for that row.
- C. Update operations always relocate rows into blocks with free space appropriate to the length of the row being updated.
- **D. ASSM assigns blocks to one of the four fullness categories based on what percentage of the block is allocated for rows.**
- **E. Insert operations always insert new rows into blocks with free space appropriate to the length of the row being inserted.**

Answer: D,E

Explanation:

- A .True. ASSM categorizes blocks (e.g., 0-25%, 25-50%) for efficient space use.
- B .False. Updates may cause chaining/migration, not always relocation.
- C .True. ASSM optimizes inserts into suitable blocks.
- D .False. ASSM uses a bitmap, not necessarily the first block.
- E .False. PCTFREE is segment-specific, not universally 10%.

NEW QUESTION # 12

You have connected to a PDB to perform the administration operations of changing and verifying a system parameter that is PDB_MODIFIABLE. What is the appropriate mode to open the PDB to achieve this?

- A. RESTRICTED READ ONLY
- B. READ ONLY
- **C. READ WRITE**
- D. RESTRICTED WRITE ONLY

Answer: C

Explanation:

To change a PDB_MODIFIABLE parameter, the PDB must be in READ WRITE mode, allowing ALTER SYSTEM commands to modify parameters stored in the PDB's SPFILE or memory. READONLY modes prevent modifications, and no RESTRICTED WRITE ONLY mode exists.

NEW QUESTION # 13

Which two are true about shrinking a segment online?

- A. It is not possible to shrink either indexes or Index Organized Tables (IOTs).
- B. To shrink a table it must have a PRIMARY KEY constraint.
- C. To shrink a table it must have a UNIQUE KEY constraint.
- **D. To shrink a table it must have row movement enabled.**
- **E. It must be in a tablespace that uses Automatic Segment Space Management (ASSM).**

Answer: D,E

Explanation:

- A .True. ROW MOVEMENT must be enabled for SHRINK SPACE.
- B .False. Indexes and IOTs can be shrunk with CASCADE.
- C .False. No such constraint requirement.
- D .True. ASSM is required for online shrinking.
- E .False. No primary key requirement.

NEW QUESTION # 14

Which three tasks are performed by background processes in an Oracle database instance?

- A. Reading database blocks into the buffer cache.
- B. Registering services with Oracle Net listeners.
- C. Writing redo to log files.
- D. Reading database blocks into the buffer cache.
- E. Writing dirty database block images from the buffer cache.
- F. Creating dedicated server connections.

Answer: B,C,E

Explanation:

False. Server processes (foreground) read blocks into the buffer cache during user queries, not background processes.

Explanation:

Background processes manage core database operations. Let's break it down:

A : Creating dedicated server connections.

False. Dedicated server connections are created by the listener, not background processes. The listener hands off the connection to a server process (e.g., ora_s000), which isn't a background process.

B : Registering services with Oracle Net listeners.

True. The LREG process (Listener Registration, formerly PMON's role) registers services with listeners, using parameters like LOCAL_LISTENER.

Mechanics:LREG sends service details (e.g., orcl) to the listener every 60 seconds or on startup.

C : Writing redo to log files.

True. The LGWR (Log Writer) process writes redo entries from the redo log buffer to online redo log files, ensuring transaction durability.

Mechanics:Triggered by commits, log buffer fills, or checkpoints.

D : Writing dirty database block images from the buffer cache.

True. The DBWn (Database Writer) processes write modified (dirty) blocks from the buffer cache to data files, maintaining consistency.

Mechanics:Occurs at checkpoints or when free buffers are needed.

NEW QUESTION # 15

.....

Normally a haphazard IT exam will become your power of progress which may change your whole life. As one of Oracle important certifications 1Z1-182 exam is an important exam. Our 1Z1-182 exam learning materials are updated with latest official exam change, CramPDF will release new version of 1Z1-182 in first time. If you are still hesitating about purchasing exam learning materials, you can consider the free demo materials in our website for your reference.

New 1Z1-182 Test Bootcamp: <https://www.crampdf.com/1Z1-182-exam-prep-dumps.html>

From 1Z1-182 study dump, you can study the professional knowledge, useful exam tips and some good learning methods, The demo of CramPDF CramPDF's Study Guide and Oracle Database 23ai Administration Associate Dumps is to help you inspect our 1Z1-182 dumps questions products before you decide to buy them, 1Z1-182 Exam Dumps Available in Pdf Format: The format of Oracle 1Z1-182 exam dumps that is pdf, You get access to every 1Z1-182 exams files and there continuously update our 1Z1-182 study materials; these exam updates are supplied free of charge to our valued customers.

Usually the outline of a worked example will 1Z1-182 be given, or else the reader can easily conjure one up, Become a Beta TestingSite, From 1Z1-182 study dump, you can study the professional knowledge, useful exam tips and some good learning methods.
