Highly-demanded F5CAB4 Exam Braindumps demonstrate excellent Learning Questions - VCEPrep

You can absolutely assure about the high quality of our products, because the contents of F5CAB4 training materials have not only been recognized by hundreds of industry experts, but also provides you with high-quality after-sales service. Before purchasing F5CAB4 exam torrent, you can log in to our website for free download. Whatever where you are, whatever what time it is, just an electronic device, you can practice. With BIG-IP Administration Control Plane Administration study questions, you no longer have to put down the important tasks at hand in order to get to class; with F5CAB4 Exam Guide, you don't have to give up an appointment for study. Our study materials can help you to solve all the problems encountered in the learning process, so that you can easily pass the exam.

F5 BIG-IP Administration Control Plane Administration Sample Questions (Q15-Q20):

NEW QUESTION # 15
A BIG-IP Administrator reviews the Plane CPU Usage performance chart and discovers a high percentage of Control Plane

utilization. Which type of traffic does this indicate a higher usage of?

- A. Application
- B. Tunnel
- C. Administrative
- D. Accelerated

Answer: C

Explanation:
Comprehensive and Detailed Explanation From BIG-IP Administration Control Plane Administration documents: F5 architecture distinguishes between the Data Plane (TMM processing application traffic) and the Control Plane (Linux host processing management tasks). High Control Plane CPU utilization typically points to administrative activities such as heavy GUI usage, complex API calls (iControl), large-scale configuration synchronizations, or intensive logging/monitoring tasks rather than the actual switching or load balancing of application data.

NEW QUESTION # 16
Which file should the BIG-IP Administrator check to determine when a Virtual Server changed its status?

- A. /var/log/audit
- B. /var/log/lastlog
- C. /var/log/monitors
- D. /var/log/ltm

Answer: D

Explanation:
Comprehensive and Detailed Explanation From BIG-IP Administration Control Plane Administration documents: Monitoring and reporting current device status involves tracking the health of traffic objects like Virtual Servers20. The Control Plane logs transition events-such as a Virtual Server moving from 'Available' (green) to 'Offline' (red) due to health monitor failures-in the /var/log/ltm file21212121. While the audit log tracks who changed a configuration, the LTM log tracks system-initiated status changes22222222.

NEW QUESTION # 17
A BIG-IP Administrator needs to restore a UCS file to an F5 device using the Configuration Utility.
Which section of the Configuration Utility should the BIG-IP Administrator access to perform this task? (Choose one answer)

- A. System > Archives
- B. Local Traffic > Virtual Servers
- C. System > Configuration
- D. Local Traffic > Policies

Answer: A

Explanation:
Comprehensive and Detailed Explanation From BIG-IP Administration Control Plane Administration documents:
In the BIG-IP Configuration Utility, all system backup and restore operations-including UCS (User Configuration Set) file restoration-are performed from the Archives section.
The correct navigation path is:
System > Archives
From this location, the administrator can:
Upload UCS files
Restore UCS backups
Manage system archive files used for backup and recovery
Why the other options are incorrect:
A . System > Configuration is used for general system settings, not backup restoration.
C . Local Traffic > Virtual Servers is used for application traffic objects.
D . Local Traffic > Policies manages traffic policies, not system backups.
Therefore, the correct section to restore a UCS file using the Configuration Utility is System > Archives.

NEW QUESTION # 18

New Syslog servers have been deployed in an organization. The BIG-IP Administrator must reconfigure the BIG-IP system to send log messages to these servers. In which location in the Configuration Utility can the BIG-IP Administrator make the needed configuration changes to accomplish this?

- A. System > Logs > Configuration
- B. System > Logs > Audit2
- C. System > Configuration > Local Traffic
- D. System > Configuration > Device3

Answer: A

Explanation:
Comprehensive and Detailed Explanation From BIG-IP Administration Control Plane Administration documents: Managing how a BIG-IP communicates with external management services like Syslog is a core Control Plane task. The Configuration Utility organizes these settings under the "System" menu. Specifically, to define remote logging destinations and formats, the administrator must navigate to System > Logs > Configuration to ensure the Control Plane correctly forwards system events to external collectors

NEW QUESTION # 19

The BIG-IP Administrator runs the command:
netstat -an | grep 443
and sees the following output:
tcp 0 0 0.0.0.0:443 0.0.0.0:* LISTEN
What does this output indicate about the service on port 443? (Choose one answer)

- A. The service is in a standby state and unable to accept connections.
- B. The service is actively listening only on the loopback interface.
- C. The service indicates no connections to the LISTEN port.
- D. The service is actively listening on all interfaces for HTTPS traffic.

Answer: D

Explanation:
Comprehensive and Detailed Explanation From BIG-IP Administration Control Plane Administration documents:
In netstat output:
0.0.0.0:443 means the service is bound to all available IPv4 interfaces on the system.
LISTEN indicates the service is actively waiting for incoming connection requests.
Therefore, this output confirms that a service (commonly HTTPS/443, such as the BIG-IP Configuration Utility or an application listener) is actively listening on all interfaces, making B the correct answer.
Why the other options are incorrect:
A would show 127.0.0.1:443 if it were loopback-only.
C is incorrect because LISTEN explicitly indicates readiness to accept connections.
D is unrelated; standby state does not affect socket binding shown by netstat.
Hence, the correct answer is B.

NEW QUESTION # 20

......

With the rapid development of the world economy and frequent contacts between different countries, the talent competition is increasing day by day, and the employment pressure is also increasing day by day. Our company provides three different versions to choice for our customers. The software version of our F5CAB4 exam question has a special function that this version can simulate test-taking conditions for customers. If you feel very nervous about exam, we think it is very necessary for you to use the software version of our F5CAB4 Guide Torrent. The simulated tests are similar to recent actual exams in question types and degree of difficulty. By simulating actual test-taking conditions, we believe that you will relieve your nervousness before examination.

Test F5CAB4 Practice: https://www.vceprep.com/F5CAB4-latest-vce-prep.html

We are known by others because of our high-quality products and best satisfying after-sale service so many examinees recommend

our F5CAB4 exam guide files to their friends and colleagues, F5 F5CAB4 Test Registration So we have tried to improve the quality of our training materials for all our worth, When the total questions and answers are so many, it's better to use simulator of F5CAB4 PC test engine and online test engine to remember and practice.

In the past two years, he helped many customers F5CAB4 all around the world to design and develop solutions based on technologies such as Identity and Access Management, Windows Test F5CAB4 Practice CardSpace, Windows Communication Foundation, and Windows Workflow Foundation.

Pass Guaranteed Quiz 2026 F5 F5CAB4: Marvelous BIG-IP Administration Control Plane Administration Test Registration

Using Video in Your Blog, We are known by others because of our high-quality products and best satisfying after-sale service so many examinees recommend our F5CAB4 Exam Guide files to their friends and colleagues.

So we have tried to improve the quality of Exam F5CAB4 Experience our training materials for all our worth, When the total questions and answers are so many, it's better to use simulator of F5CAB4 PC test engine and online test engine to remember and practice.

We can ensure you that you will receive our F5CAB4 practice exam materials within 5 to 10 minutes after payment, this marks the fastest delivery speed in this field.

Not only that you will get the certification, Latest F5CAB4 Exam Guide but also you will have more chances to get higher incomes and better career.
