Prerequisites for Microsoft PL-200 Exam

There are no official prerequisites that the candidates should meet before applying for the Microsoft PL-200 exam, but it is recommended that they have experience as an IT student or professional. The learners must also have a solid knowledge of Power Platform and its main features, familiarity with the security concepts as well as Microsoft Data verse. Moreover, the functional consultants should be well aware of the Dynamics 365 model-driven applications.

The PL-200 Exam is intended for individuals who have experience with the Power Platform and are looking to take their skills to the next level. Microsoft recommends that candidates have at least two years of experience working with Power Platform solutions, as well as a solid understanding of the platform's core components and capabilities. In addition, candidates should have experience working with clients to identify requirements, design solutions, and implement them in a timely and effective manner.
