When you configure Direct Delivery (direct from the Vendor), a PO is created to purchase the item from the Vendor and have it shipped directly to the customer. The instructions below include generating the PO and a product receipt. These steps may not be required in the exam but are included for reference.

1. Go to Navigation pane > Modules > Accounts receivable > Orders > All sales orders.
2. Select New.
3. Search for and select sales order number 000720.

10. Select Related orders.
