Quiz Perfect Cisco - 100-160 Reliable Braindumps Ppt

The Cisco Certified Support Technician (CCST) Cybersecurity (100-160) is one of the popular exams of 100-160. It is designed for Cisco aspirants who want to earn the Cisco Certified Support Technician (CCST) Cybersecurity (100-160) certification and validate their skills. The 100-160 test is not an easy exam to crack. It requires dedication and a lot of hard work. You need to prepare well to clear the 100-160 test on the first attempt. One of the best ways to prepare successfully for the 100-160 examination in a short time is using real Cisco 100-160 Exam Dumps.

Cisco Certified Support Technician (CCST) Cybersecurity Sample Questions (Q105-Q110):

NEW QUESTION # 105
Which of the following is an example of a preventive control?

- A. User access log
- B. Incident response plan
- C. Intrusion detection system
- D. Firewall

Answer: D

Explanation:
A firewall is a preventive control that helps to protect a network by acting as a barrier between internal and external networks, monitoring and controlling incoming and outgoing traffic based on predetermined security rules. It prevents unauthorized access and defends against network-based attacks.

NEW QUESTION # 106
Which of the following threat intelligence techniques involves monitoring network traffic and analyzing abnormal patterns or behaviors?

- A. Signature-based Detection
- B. Reputation-based Detection
- C. Indicators of Compromise (IoCs)
- D. Anomaly-based Detection

Answer: D

Explanation:
Anomaly-based detection involves monitoring network traffic and comparing it against baseline or normal behavior. It looks for any abnormal patterns or behaviors that could indicate potential threats.

NEW QUESTION # 107
Which of the following is an example of a detective control?

- A. Patch management
- B. Access control list (ACL)
- C. Security information and event management (SIEM) system
- D. Encryption

Answer: C

Explanation:
A SIEM system is a detective control that collects and analyzes security event logs from various sources to identify and detect potential security incidents. It provides real-time monitoring and alerts for suspicious activities, enabling organizations to identify and respond to security events effectively.

NEW QUESTION # 108
What is a denial of service (DoS) attack?

- A. A technique used by attackers to obtain sensitive information through deception.
- B. A software program that is designed to damage, disrupt, or gain unauthorized access to a computer system.
- C. An attack that overwhelms a target system with a flood of traffic or requests, rendering it inaccessible to legitimate users.
- D. A form of cyber attack that attempts to gain unauthorized access to a network.

Answer: C

Explanation:
A denial of service (DoS) attack is a type of cyber attack that aims to make a target system or network unavailable to its intended users by overwhelming it with a flood of traffic or requests. This effectively denies legitimate users access to the system.

NEW QUESTION # 109

Which of the following is a secure method for sharing sensitive documentation with external parties?

- A. Uploading the documents to a public file-sharing service
- B. Sending the documents via email attachments
- C. Printing the documents and sending them through traditional mail
- D. Using an encrypted communication channel

Answer: D

Explanation:
Sending sensitive documentation via email or public file-sharing services presents security risks. It is recommended to use an encrypted communication channel, such as secure file transfer protocol (SFTP) or a secure cloud-based collaboration platform, to protect the confidentiality and integrity of the information being shared.

NEW QUESTION # 110

......

We truly treat our customers with the best quality service and the most comprehensive 100-160 exam pdf, that's why we enjoy great popularity among most IT workers. When you want to learn something about the 100-160 Online Training, our customer assisting will be available for you. We will offer you the best preparation materials regarding 100-160 practice exam. You can totally trust our dumps and service.
