Salesforce Certified Education Cloud Consultant 認定 ED-Con-101 試験問題 (Q134-Q139):

質問 # 134

A consultant is working with a customer who already uses Salesforce and wants to install the Education Data Architecture (EDA). The consultant has confirmed that EDA can work in the customer's existing environment. Which location should the consultant visit to install EDA in the existing environment?

- A. Partner Community

- B. Salesforce AppExchange
- C. Trailhead

正解: B

解説:

The Salesforce AppExchange is the location that the consultant should visit to install EDA in the existing environment. The Salesforce AppExchange is an online marketplace where customers can find, try, and install apps, components, and packages that extend the functionality of Salesforce. EDA is listed as a free app for education customers on the Salesforce AppExchange. The consultant can use the EDA installer page, which is a web-based tool that allows the consultant to log in to the desired org, validate the pre-install requirements, and install EDA with a few clicks. The EDA installer page can be accessed from the Salesforce AppExchange or from the direct link².

質問 # 135

A university is interested in using Student Success Hub and a calendar integration tool to sync student appointments with the faculty advisors' Google accounts.

What should the consultant recommend?

- A. Salesforce Scheduler
- B. A third-party app
- C. Einstein Activity Capture

正解: B

解説:

A third-party app is the best option for syncing student appointments with the faculty advisors' Google accounts. Student Success Hub does not have a native calendar integration tool that can sync with Google Calendar⁵. Salesforce Scheduler is a tool that allows customers to schedule appointments with service providers, but it does not integrate with Google Calendar either⁶. Einstein Activity Capture is a tool that syncs emails and events between Salesforce and Gmail or Microsoft Exchange, but it does not work with Student Success Hub appointments⁷. Therefore, a third-party app that can connect Student Success Hub and Google Calendar is the most suitable solution. Reference:
