NABCEP PVIP (PV Installation Professional) Board Certification Exam is one of the most prestigious and recognized certifications in the solar industry. Developed by the North American Board of Certified Energy Practitioners (NABCEP), the PVIP certification exam is designed to test the knowledge, skills, and abilities of individuals who are involved in the installation, design, and maintenance of photovoltaic (PV) solar systems.

The North American Board of Certified Energy Practitioners (NABCEP) is a non-profit organization that aims to promote high-quality renewable energy practices and the use of sustainable technologies. One of their main programs is the PV Installation Professional (PVIP) Board Certification, which is designed to recognize individuals who have demonstrated their knowledge and skills in the field of photovoltaic (PV) system installation. PV Installation Professional (PVIP) Board Certification certification exam evaluates candidates on their understanding of PV system design, installation, and commissioning, as well as their ability to ensure the safety and reliability of the system.
