PRINCE2 P3O Foundation Project Office2013 Exam Sample Questions (Q28-Q33):

NEW QUESTION # 28

Which is an important factor when working in a distributed model?

- A. Use of sophisticated tools and techniques
- B. Staff physically co-located to ensure team cohesion
- C. Effective use of information portals
- D. Functional roles work in the same location

Answer: C

Explanation:

The P3O Foundation (2013) manual identifies effective use of information portals as a key factor in a distributed model. Section 5.3.1 states, "In a distributed P3O model, effective use of information portals is crucial to facilitate communication and coordination

among geographically dispersed teams." This contrasts with co-location (B), same-location roles (C), or sophisticated tools (D), which are impractical or less critical in distributed settings. The 2013 edition emphasizes technology's role in overcoming distance, ensuring consistent information sharing. This supports efficient collaboration and governance in decentralized structures. Reference: P3O Foundation (2013) manual, Section 5.3.1, AXELOS.

NEW QUESTION # 29

Which of the following statements about how a P3O should integrate with the wider organization are true?

1. Operates independently of other functions within the organization
 2. Typically relies on dedicated full-time resources to provide financial functions needed
- A. Both 1 and 2 are true
 - B. Neither 1 or 2 is true
 - C. Only 1 is true
 - D. Only 2 is true

Answer: B

Explanation:

The P3O Foundation (2013) manual indicates that a P3O should not operate independently nor rely solely on dedicated full-time resources for financial functions, making both statements false. Section 5.1.2 states, "The P3O model should integrate seamlessly with existing organizational functions, leveraging shared resources and aligning with corporate governance." Independence (1) is impractical as P3O relies on collaboration, while financial functions (2) are typically supported by existing organizational structures rather than dedicated P3O resources (Section 7.2). The 2013 edition emphasizes integration and resource sharing to enhance efficiency, contradicting both options. Thus, D is correct, ensuring the P3O complements rather than duplicates organizational capabilities, supporting a cohesive change management framework. Reference: P3O Foundation (2013) manual, Sections 5.1.2 and 7.2, AXELOS.

NEW QUESTION # 30

Which of the following are key stakeholders in a temporary Project Office?

1. Organization Portfolio Office
 2. Business as usual staff
 3. Suppliers to the project
 4. Project Board members
- A. 1,3,4
 - B. 1,2,3
 - C. 2,3,4
 - D. 1,2,4

Answer: C

Explanation:

The P3O Foundation (2013) manual identifies business as usual staff, suppliers, and Project Board members as key stakeholders in a temporary Project Office. Section 5.3.3 states, "Key stakeholders in a temporary Project Office include business as usual staff affected by the project, suppliers providing resources, and Project Board members overseeing delivery." The Organization Portfolio Office (1) is a strategic entity, not a direct stakeholder in a temporary office. The 2013 edition focuses on operational stakeholders impacting or impacted by the project, making D the correct choice. This ensures effective stakeholder engagement during the project lifecycle.

NEW QUESTION # 31

What role provides facilitated workshops to promote consistent project management practice?

- A. Project Officer
- B. Secretariat/administrator
- C. Project Specialist
- D. Head of Project

Answer: C

Explanation:

The Project Specialist role provides facilitated workshops to promote consistent project management practice, according to the P3O Foundation (2013) manual. Section 3.5.6 states, "The Project Specialist facilitates workshops to ensure consistent application of project management practices and standards across the organization." This differs from the Project Officer (B), who supports execution, Head of Project (C), who oversees projects, and Secretariat (D), who provides administrative support. The 2013 edition emphasizes the Specialist's training and facilitation role, enhancing PPM maturity. This ensures standardized practices are adopted effectively.

NEW QUESTION # 32

What does a P3O provide to support the principle 'govern effectively'?

- **A. Independent gated review coordination and assurance**
- B. A fast track mobilization service to programmes and projects
- C. Coaching and training to P3O roles
- D. A benefits tracking service to business owners

Answer: A

Explanation:

To support the 'govern effectively' principle, a P3O provides independent gated review coordination and assurance, as per the P3O Foundation (2013) manual. Section 7.3.2 notes, "P3O supports effective governance through independent gated reviews and assurance processes to ensure compliance and quality across change initiatives." This involves objective oversight, unlike coaching/training (A), benefits tracking (C), or fast-track mobilization (D), which serve different purposes (e.g., capacity building or delivery support). The 2013 edition underscores this assurance role as critical for maintaining governance standards, enabling senior management to monitor progress and mitigate risks. This aligns with the P3O's function of providing a robust control framework, ensuring strategic alignment and accountability throughout the change lifecycle.
