NEW QUESTION # 41

Which port is configured in a browser to use the Cisco WSA web proxy with default settings?

- A. 0
- B. 1
- C. 2
- **D. 3**

Answer: D

NEW QUESTION # 42

A user browses to a company website that is categorized as "Business and Industry" and contains a Facebook post. The user cannot see the Facebook post because the category "Social Networking" is blocked.

Which configuration allows the user to see the Facebook post?

- A.

A web site may embed or refer to content that is categorized as a different category, or that is considered an application. For example, a News web site could contain content categorized as Streaming Video, and the action selected for its own category/application, regardless of what web site it is embedded in. Use this table to set exceptions (e.g., to permit all content referred from News web sites, or from a custom category.)

| | |
|--|--|
| <input checked="" type="checkbox"/> Enable Referrer Exceptions | |
| Set Exception for Content Referred by These Categories: | Set Exception for This Referred Content: |
| Social Networking | All embedded / referred content except <input type="checkbox"/> Categories: Business and Industry Applications: Click to select applications... |

- **B.**

A web site may embed or refer to content that is categorized as a different category, or that is considered an application. For example, a News web site could contain content categorized as Streaming Video, and the action selected for its own category/application, regardless of what web site it is embedded in. Use this table to set exceptions (e.g., to permit all content referred from News web sites, or from a custom category.)
