By passing PSM-I exam, you will demonstrate your commitment to continuous learning and your ability to apply the Scrum framework to real-world situations.

Scrum Professional Scrum Master I Sample Questions (Q252-Q257):

NEW QUESTION # 252

Which three of the following are time-boxed events in Scrum? (Choose three.)

- **A. Sprint Planning.**
- **B. Sprint Retrospective.**
- **C. Daily Scrum.**
- D. Release Testing.
- E. Release Retrospective.
- F. Sprint Testing.
- G. Sprint 0.

Answer: A,B,C

Explanation:

According to the Scrum Guide¹, each event in Scrum is a formal opportunity to inspect and adapt something. These events are specifically designed to enable critical transparency and inspection. Failure to include any of these events results in reduced transparency and is a lost opportunity to inspect and adapt. All events are time-boxed events, such that every event has a maximum duration. Once a Sprint begins, its duration is fixed and cannot be shortened or lengthened. The remaining events may end whenever the purpose of the event is achieved, ensuring an appropriate amount of time is spent without allowing waste in the process. The time-boxed events in Scrum are:

Sprint Planning (eight hours or less for a one-month Sprint)

Daily Scrum (15 minutes or less for a one-month Sprint)

Sprint Review (four hours or less for a one-month Sprint)

Sprint Retrospective (three hours or less for a one-month Sprint)

The other options are not time-boxed events in Scrum.

NEW QUESTION # 253

What is the typical size for a Scrum Team?

(choose the best answer)

- A. 7 plus or minus 3.
- **B. 10 or fewer.**
- C. 0
- D. At least 7.

Answer: B

Explanation:

The correct answer is D. 10 or fewer. According to the Scrum Guide 2020¹, "The Scrum Team is small enough to remain nimble and large enough to complete significant work within a Sprint, typically 10 or fewer people." The other options are outdated or incorrect. Option A was based on the previous version of the Scrum Guide, which suggested a range of 3 to 9 developers². Option B is too vague and does not account for the upper limit of team size. Option C is too specific and does not allow for flexibility.

NEW QUESTION # 254

Every Scrum Team must have a Product Owner and Scrum Master. (Choose the best answer.)

- **A. True. Outcomes affected by their participation and availability.**
- B. True. Each must be 100% dedicated to the Scrum Team
- C. False. A Product Owner can be replaced by a subject matter expert in the Scrum Team
- D. False. A Scrum Master is only required when asked for by the Scrum Team

Answer: A

NEW QUESTION # 255

What is the recommended size for a Development Team?

- A. 9.
- B. 7 plus or minus 3.
- **C. 3 to 9.**

- D. At least 7.

Answer: C

NEW QUESTION # 256

When might a Sprint be abnormally cancelled? (Choose the best answer.)

- A. When the sales department has an important new opportunity.
- B. When it becomes clear that not everything will be finished by the end of the Sprint.
- C. When the Sprint Goal becomes obsolete.
- D. When the Development Team feels that the work is too hard.

Answer: C

NEW QUESTION # 257
