問題 #62

How is the retention of communications traffic data for law enforcement purposes addressed by European data protection law?

- A. The GDPR allows the retention of such data for the prevention, investigation, detection or prosecution of criminal offences only.
- B. The ePrivacy Directive allows individual EU member states to engage in such data retention.
- C. The Data Retention Directive's annulment makes such data retention now permissible.
- D. The ePrivacy Directive harmonizes EU member states' rules concerning such data retention.

答案: A

問題 #63

How is the GDPR's position on consent MOST likely to affect future app design and implementation?

- A. Users will see fewer advertisements when using apps.
- B. App developers' responsibilities as data controllers will increase.
- C. App developers will expand the amount of data necessary to collect for an app's functionality.
- D. Users will be given granular types of consent for particular types of processing.

答案: D

問題 #64

Which GDPR principle would a Spanish employer most likely depend upon to annually send the personal data of its employees to the national tax authority?

- A. The legal obligation of the employer.
- B. The legitimate interest of the public administration.
- C. The protection of the vital interest of the employees.
- D. The consent of the employees.

答案: A

問題 #65

Under Article 9 of the GDPR, which of the following categories of data is NOT expressly prohibited from data processing?

- A. Personal data revealing financial data.
- B. Personal data revealing genetic data.
- C. Personal data revealing ethnic origin.
- D. Personal data revealing trade union membership.

答案: A

解題說明:

Article 9 of the GDPR prohibits the processing of special categories of personal data, which are data that reveal sensitive information about the data subject and may pose a high risk to their rights and freedoms. The GDPR defines 10 types of personal data as special categories, which are:

- * personal data revealing racial or ethnic origin;
- * personal data revealing political opinions;
- * personal data revealing religious or philosophical beliefs;
- * personal data revealing trade union membership;
- * genetic data;
- * biometric data (where used for identification purposes);
- * data concerning health;
- * data concerning a person's sex life; and

* data concerning a person's sexual orientation.

Among the answer choices, only option C is not one of these categories, as financial data is not considered to reveal any sensitive information about the data subject. However, financial data is still subject to the general principles and rules of the GDPR, such as lawfulness, fairness, transparency, accuracy, security, etc.
