The SAP Certified Associate - WalkMe Digital Adoption Consultant (C_WME_2506) Questions are portable and you can also print them.

SAP Certified Associate - WalkMe Digital Adoption Consultant Sample Questions (Q22-Q27):

NEW QUESTION # 22

There is a new process on your site that is crucial for all employees to complete. Users need to navigate to the time submission page, log their time for the quarter, and submit it in the platform. You have created a Smart Walk-Thru for this process. What should be the Goal?

- A. User inputs time into input fields
- **B. User is on the time submission page and clicks the submit button**
- C. User is on the site and clicks a submit button
- D. User navigates to the time submission page

Answer: B

Explanation:

The Goal of a Smart Walk-Thru defines the successful completion of the intended process, which in this case is employees submitting their quarterly time. The most precise Goal is User is on the time submission page and clicks the submit button, as it confirms both that the user has reached the correct page and completed the submission action, ensuring the process is fully executed. This Goal is measurable in WalkMe Insights and directly aligns with the process's objective.

The other options are less accurate:

- * User inputs time into input fields (A) is a partial step, not the final outcome.
- * User clicks a submit button (B) lacks context about the page, risking false positives.
- * User navigates to the time submission page (C) is incomplete, as navigation alone doesn't ensure submission.

Extract from Official WalkMe Documentation:

Per the WalkMe Editor User Guide (SAP WalkMe Digital Adoption Consultant Study Guide, Section 2.2:

Smart Walk-Thrus):

"Set Goals to reflect the completion of the process, such as a user reaching a specific page and performing a key action, like clicking a submit button, to track success accurately." The course Getting Started with Building WalkMe Solutions explains:

"For a process like time submission, define the Goal as the user being on the target page and clicking the submit button, capturing the full completion of the task." Option D is the correct Goal for the Smart Walk-Thru.

References:

SAP WalkMe Digital Adoption Consultant Study Guide, Section 2.2: Smart Walk-Thrus.

WalkMe Editor User Guide, "Setting Smart Walk-Thru Goals" Section.

Course: Getting Started with Building WalkMe Solutions, Module 6: Defining Goals.

NEW QUESTION # 23

Which components should we consider mandatory for all Smart Walk-Thrus? Note: There are 2 correct answers to this question.

- **A. Goals**
- **B. Start Points**
- C. Automation
- D. Splits

Answer: A,B

NEW QUESTION # 24

What is WalkMe known as the leading provider of?

- A. Direct Adoption Program
- B. Dynamic Assistance Provider
- C. Digital Application Platform
- **D. Digital Adoption Platform**

Answer: D

NEW QUESTION # 25

How does WalkMe's Digital Experience Analytics (DXA) support organizations?

- A. By creating new applications to replace existing ones
- B. By replacing all manual processes with automation
- **C. By tracking how users interact with predefined on-screen elements**

- D. By eliminating the need for employee training

Answer: C

Explanation:

WalkMe's Digital Experience Analytics (DXA) supports organizations by tracking how users interact with predefined on-screen elements, such as buttons, forms, or pages. This provides insights into user behavior, friction points, and adoption gaps, enabling organizations to optimize processes and improve digital experiences. DXA integrates with WalkMe Insights to deliver actionable data.

The other options are incorrect:

- * Replacing manual processes(A) is a benefit of automation, not DXA's primary role.
- * Creating new applications(C) is outside WalkMe's scope.
- * Eliminating training(D) is an exaggeration, as WalkMe supports training, not replaces it.

Extract from Official WalkMe Documentation:

Per the SAP WalkMe Digital Adoption Consultant Study Guide (Section 3.1: Analytics Overview):

"Digital Experience Analytics (DXA) tracks user interactions with predefined elements, offering insights into engagement and pain points to enhance digital adoption." The course WalkMe Fundamentals explains:

"DXA helps organizations by monitoring how users interact with on-screen elements, providing data to identify inefficiencies and improve user experiences." Option B correctly describes DXA's support for organizations.

Course: WalkMe Fundamentals, Module 3: Analytics Capabilities.

NEW QUESTION # 26

What is the correct order of operations for determining if WalkMe content should appear on the page?

- A. Segmentation > Web page loads > Individual item conditions
- B. Start Points > Web page loads > Segmentation
- C. Individual item conditions > Segmentation > Web page loads
- **D. Web page loads > Segmentation > Individual item conditions**

Answer: D

NEW QUESTION # 27

.....

The features of the C_WME_2506 dumps are quite obvious that it is based on the exam pattern. As per exam objective, it is designed for the convenience of the candidates. This content makes them expert with the help of the C_WME_2506 practice exam. They can get C_WME_2506 exam questions in these dumps. Old ways of teaching are not effective for C_WME_2506 Exam Preparation. In this way students become careless. In our top C_WME_2506 dumps these ways are discouraged. Now make the achievement of C_WME_2506 certification easy by using these C_WME_2506 exam questions dumps because the success is in your hands now.

Exam C_WME_2506 Training: https://www.actualtestsit.com/SAP/C_WME_2506-exam-prep-dumps.html

SAP Key C_WME_2506 Concepts A number of domain-specific technical blogs are there which can be proved a good preparation source, Our study guide cover the IT knowledge and key points about the C_WME_2506 exams test, so you can find everything you want to overcome the difficulty of C_WME_2506 exams boost dumps, Maybe you are still doubtful about our product, it doesn't matter, but if you try to download our free demo of our C_WME_2506 exam software first, you will be more confident to pass the exam which is brought by our ActualTestsIT.

The Model Tree pane opens once the object selection is complete, C_WME_2506 Reliable Braindumps and the content of the embedded data is shown in the lower section of the pane, Expand Then Contract.
