

HPE0-S59 Certification Practice & Latest HPE0-S59 Dumps Sheet

DOWNLOAD the newest Braindumpsqa HPE0-S59 PDF dumps from Cloud Storage for free: https://drive.google.com/open?id=1xBOaj4omU-jV_a1OwRi3wv_8JPdw1qVk

Users who use our HPE0-S59 real questions already have an advantage over those who don't prepare for the exam. Our study materials can let users the most closed to the actual test environment simulation training, let the user valuable practice effectively on HPE0-S59 practice guide, thus through the day-to-day practice, for users to develop the confidence to pass the exam. For examination, the power is part of pass the exam but also need the candidate has a strong heart to bear ability, so our HPE0-S59 learning guide materials through continuous simulation testing to help you pass the HPE0-S59 exam.

For HP professionals, passing the HPE Compute Solutions exams such as the HPE0-S59 Exam is essential to achieve their dream professional life. However, passing the HPE Compute Solutions (HPE0-S59) Exam is not an easy task, especially for those with busy schedules who need time to prepare well for the HPE0-S59 Exam. To ensure success on the HPE0-S59 Exam, you need HP HPE0-S59 Exam Questions that contain all the relevant information about the exam.

HOT HPE0-S59 Certification Practice - HP HPE Compute Solutions - High Pass-Rate Latest HPE0-S59 Dumps Sheet

What companies need most now is the talents with comprehensive strength. How to prove your strength? It's time to get an internationally certified HPE0-S59 certificate! Our HPE0-S59 exam questions are definitely the leader in this industry. In many ways, our HPE0-S59 Real Exam has their own unique advantages. The first and the most important aspect is the pass rate which is concerned by the most customers, we have a high pass rate as 98% to 100%, which is unique in the market!

HPE Compute Solutions certification is a valuable credential for IT professionals looking to advance their careers in the field of HPE compute solutions. HPE Compute Solutions certification demonstrates that an individual has the knowledge and skills needed to design, deploy, and manage HPE compute solutions in a variety of environments. It is also a requirement for certain job roles within the HPE partner program, making it a must-have certification for those looking to work with HPE technology.

HPE Compute Solutions Sample Questions (Q10-Q15):

NEW QUESTION # 10

Your customer plans to deploy HPE OneView for VMware vCenter Server together with HPE Storage Integration Pack for VMware vCenter.

The customer wants to use them to manage HPE Synergy Gen10 compute modules, HPE ProLiant Gen10 servers, and an MSA array.

Which statement about compatibility of the existing environment with the planned software components is true?

- A. Not all of HPE Storage Integration Pack for VMware vCenter features are supported with MSA arrays.
- B. HPE ProLiant Gen10 systems require HPE OneView for VMware vCenter server licenses for each node.

- C. HPE OneView for VMware vCenter Server does not support standalone HPE ProLiant servers.
- D. Both HPE Synergy Gen10 full-height compute modules plugins will require a license.

Answer: A

NEW QUESTION # 11

Your customer has the following HPE Synergy setup

- Three frames fully populated with HPE Synergy 480 Gen10 Plus modules and 25Gb/s downlink speed formulating a single logical enclosure
- Two HPE Virtual Connect SE 100Gb F32 Module for Synergy
- Four HPE Synergy 50Gb interconnect Link Module
- Six HPE Synergy Virtual Connect SE 32Gb FC Modules

The customer needs to add a frame.

Which statement about the expansion of this setup is true?

- **A. The customer can grow the existing logical enclosure up to 5 frames**
- B. The additional frame cannot have 12Gb SAS connection modules installed
- C. The additional frame must have HPE Virtual Connect FC modules installed
- D. The customer has to create a new logical enclosure for the additional frame

Answer: A

Explanation:

HPE Synergy allows scaling of logical enclosures up to 5 frames. Given the current setup of three frames fully populated with HPE Synergy 480 Gen10 Plus modules and other specified components, the customer can add another frame to the existing logical enclosure. This flexibility in scaling ensures that the logical enclosure can be expanded without the need to create a new logical enclosure, provided that the necessary interconnect modules are in place.

NEW QUESTION # 12

Match each HPE Synergy logical component with the definition.

□

Answer:

Explanation:

□

NEW QUESTION # 13

Drag and Drop Question

Your customer wants to update the firmware for 36 HPE Synergy 480 Gen 10 compute modules with a server profile assigned from a server profile template.

Put the steps required to achieve this goal on the left into their correct order on the right.

□

Answer:

Explanation:

□

Explanation:

To update the firmware for the HPE Synergy 480 Gen 10 compute modules with a server profile assigned from a server profile template, the steps should be performed in the following order:

Upload SPP to HPE OneView repository.

(First, the Service Pack for ProLiant (SPP) containing the firmware updates must be uploaded to the HPE OneView repository.)

Select Firmware baseline within server profile template. (Next, you need to select the desired firmware baseline in the server profile template.) Select installation method (online or offline).

(Choose whether the firmware updates will be installed online or offline.) Update all server profiles from the template.

(Finally, update all server profiles from the modified template to apply the firmware updates to the compute modules.)

NEW QUESTION # 14
