

# C-AIG-2412 Torrent & Latest C-AIG-2412 Exam Guide

P.S. Free 2025 SAP C-AIG-2412 dumps are available on Google Drive shared by PassLeader: [https://drive.google.com/open?id=1-Dc-kzYPLEsCeCtPdJkd0Rzjp5Cmge\\_6](https://drive.google.com/open?id=1-Dc-kzYPLEsCeCtPdJkd0Rzjp5Cmge_6)

The passing rate of our C-AIG-2412 training quiz is 99% and the hit rate is also high. Our professional expert team seizes the focus of the exam and chooses the most important questions and answers which has simplified the important C-AIG-2412 information and follow the latest trend to make the client learn easily and efficiently. We update the C-AIG-2412 Study Materials frequently to let the client practice more and follow the change of development in the practice and theory.

## SAP C-AIG-2412 Exam Syllabus Topics:

| Topic   | Details                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|---------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Topic 1 | <ul style="list-style-type: none"><li>• SAP AI Core: This section of the exam measures the skills of AI Developers and covers the fundamental components of SAP AI Core. Candidates are assessed on their ability to work with the core services that allow machine learning models to be deployed and managed within SAP environments. The focus is on understanding how AI Core fits into SAP's ecosystem and ensures smooth integration with enterprise applications.</li></ul>                                           |
| Topic 2 | <ul style="list-style-type: none"><li>• SAP's Generative AI Hub: This section of the exam measures the skills of Solution Architects and covers SAP's Generative AI Hub, which acts as the central layer for designing and managing generative AI solutions. The exam tests knowledge of building, deploying, and connecting AI models to business scenarios through the Hub. Emphasis is placed on leveraging the Hub to streamline workflows and ensure scalable solutions that align with organizational needs.</li></ul> |
| Topic 3 | <ul style="list-style-type: none"><li>• Large Language Models (LLMs): This section of the exam measures the skills of AI Developers and covers the practical use of large language models in SAP environments. Candidates are expected to understand how LLMs can be applied to automate tasks, enhance decision-making, and improve user interaction within SAP systems. The exam evaluates knowledge of handling model selection, fine-tuning, and adapting LLMs to specific business cases.</li></ul>                     |

|         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
