With the help of SurePassExams Apple DEP-2025 dumps torrent, it is more time-saving effort to get Apple DEP-2025 certification. In fact, you are not far from success. With SurePassExams Apple DEP-2025 exam dumps, you must be IT talent. We provide you with free demo and pdf real questions and answers for further acquaintance. If you make use of our Apple DEP-2025 Exam Dumps, we will accompany you on your road to success.

Apple DEP-2025 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none">Device Support: This section of the exam measures the skills of an IT Administrator and covers troubleshooting Mac startup, recovery, and password reset processes using macOS Recovery. It ensures support professionals can maintain and restore device functionality.
Topic 2	<ul style="list-style-type: none">Software Updates: This section of the exam measures the skills of an MDM Specialist and covers update management strategies using MDM. It includes handling deadlines, updating behavior, and ensuring that updates are properly delivered and installed.

Topic 3	<ul style="list-style-type: none"> • Manage Content and Data Flow: This section of the exam measures the skills of an IT Administrator and covers app distribution methods including managed, custom, and proprietary apps. It focuses on content purchasing and delivery through Apple Business or School Manager.
Topic 4	<ul style="list-style-type: none"> • Device Enrollment: This section of the exam measures the skills of an MDM Specialist and covers the three main enrollment methods for Apple devices, their core concepts, and their properties. It prepares candidates to make appropriate choices based on organizational needs.
Topic 5	<ul style="list-style-type: none"> • Apple Configurator: This section of the exam measures the skills of an IT Administrator and covers the usage of Apple Configurator in enrollment, supervision, and deployment of Apple devices. It includes an overview of its features and setup processes.
Topic 6	<ul style="list-style-type: none"> • Prepare Your Environment: This section of the exam measures the skills of an IT Administrator and covers the important factors involved in evaluating and preparing the environment for a successful MDM implementation. It emphasizes strategic planning before rollout.
Topic 7	<ul style="list-style-type: none"> • Device Configuration: This section of the exam measures the skills of an IT Administrator and covers declarative configuration properties and how they relate to the device enrollment type. It ensures that configurations align with organizational needs.
Topic 8	<ul style="list-style-type: none"> • Apple Business Manager and Apple School Manager: This section of the exam measures the skills of an MDM Specialist and covers managing connections to resellers and managing device suppliers. It emphasizes the use of Apple Business Manager or School Manager to streamline large-scale deployments.

Updated DEP-2025 Test Cram | DEP-2025 Free Practice Exams

At the SurePassExams, we guarantee that our customers will receive the best possible DEP-2025 study material to pass the Apple Deployment and Management Exam (DEP-2025) certification exam with confidence. Joining this site for the DEP-2025 exam preparation would be the greatest solution to the problem of outdated material. The DEP-2025 would assist applicants in preparing for the Apple DEP-2025 Exam successfully in one go DEP-2025 would provide DEP-2025 candidates with accurate and real Apple Deployment and Management Exam (DEP-2025) Dumps which are necessary to clear the DEP-2025 test quickly. Students will feel at ease since the content they are provided with is organized rather than dispersed.

Apple Deployment and Management Exam Sample Questions (Q219-Q224):

NEW QUESTION # 219

Which type of device supports Profile Manager?

- A. iPhone with iOS 13 or later
- B. Apple Watch with watchOS 6 or later
- C. iPad with iPadOS 13 or later
- **D. Mac with macOS 10.14 or later**

Answer: D

Explanation:

Profile Manager, a feature for creating and managing configuration profiles, is supported on Mac computers running macOS 10.14 (Mojave) or later, following the integration of macOS Server features into the OS.

iPads (option A), iPhones (option B), and Apple Watches (option D) don't host Profile Manager, though they can receive profiles from it. The Apple Platform Deployment Guide specifies macOS as the platform for Profile Manager.

Reference: Apple Platform Deployment Guide (Chapter: Profile Manager).

NEW QUESTION # 220

Which feature allows IT administrators to manage iCloud settings on a device?

- A. Find My
- B. MDM
- C. iCloud Backup
- **D. Configuration profiles**

Answer: D

Explanation:

Configuration profiles allow IT administrators to manage iCloud settings on a device, such as enabling/disabling iCloud Drive, restricting backups, or limiting document sync. These profiles are deployed via MDM or manually, providing granular control over iCloud features. Find My (option B) is a user-facing tracking feature, not a management tool. iCloud Backup (option C) is a specific iCloud service, not a management feature. MDM (option D) is the system that deploys profiles, but the profiles themselves contain the settings. The Apple Platform Deployment Guide details configuration profiles' role in iCloud management.

Reference: Apple Platform Deployment Guide (Chapter: Configuration Profiles).

NEW QUESTION # 221

What's required to push apps to devices using an MDM solution?

- A. An APNs certificate
- B. User acceptance
- C. A VPN configuration
- **D. Managed Distribution**

Answer: D

Explanation:

Managed Distribution, available through Apple Business Manager (ABM) or Apple School Manager (ASM), is required to push apps to devices using an MDM solution. It allows administrators to assign app licenses (purchased or free) to devices or users, which the MDM then deploys silently, assuming the device is supervised or the user consents. An APNs certificate (option A) enables MDM communication but isn't specific to app pushing. User acceptance (option C) may be needed for non-supervised devices but isn't a requirement for supervised ones. A VPN configuration (option D) is unrelated. The Apple Business Manager User Guide details Managed Distribution's role in app deployment.

NEW QUESTION # 222

Users report slow Wi-Fi after moving from their offices to the conference room. You notice that their devices aren't joining the closer access point. Why don't the devices associate with the closer access point?

- **A. The signal strength hasn't met the device's trigger threshold.**
- B. Fast roaming isn't turned on for the wireless access controller.
- C. The trigger thresholds aren't properly configured in the Wi-Fi profile.
- D. The broadcast signal of the first access point has a higher maximum data rate.

Answer: A

Explanation:

Devices wait for a threshold drop. The Apple Platform Deployment Guide states, "Apple devices use a roaming trigger threshold; they won't switch to a closer access point until the current signal falls below this level." References:

Apple Platform Deployment Guide, "Wi-Fi Roaming" section.

macOS Deployment Reference, "Network Behavior" section.

NEW QUESTION # 223

Which feature allows IT administrators to manage passcode settings on a device?

- A. iCloud
- B. Find My

- C. MDM
- **D. Configuration profiles**

Answer: D

Explanation:

Configuration profiles enable IT administrators to manage passcode settings on a device, enforcing policies such as minimum length, complexity (e.g., alphanumeric), maximum age, and failed attempt limits. These profiles are deployed via MDM or manually, ensuring security compliance. Find My (option B) and iCloud (option C) are user-focused features unrelated to passcode management. MDM (option D) is the system that delivers profiles, but the profiles themselves define the settings. The Apple Platform Deployment Guide details passcode policy enforcement via configuration profiles.

NEW QUESTION # 224

.....

Passing the DEP-2025 certification can prove that and help you realize your goal and if you buy our DEP-2025 quiz prep you will pass the exam successfully. Our product is compiled by experts and approved by professionals with years of experiences. You can download and try out our laTest DEP-2025 Quiz torrent freely before your purchase. Our purchase procedures are safe and our products are surely safe without any virus. After you purchase our DEP-2025 exam guide is you can download the test bank you have bought immediately.
