Salesforce Certified Education Cloud Consultant Sample Questions (Q27-Q32):

NEW QUESTION # 27

A college plans to implement Student Success Hub and wants to configure Pathways to support students in their academic journey. What should be considered when implementing Pathways?

- A. There is a limit to the number of Plan Requirement records.

- B. There are only two levels of Program Plan requirements in Pathways.
- C. Pathways uses Program Plan and Plan Requirement records.

Answer: C

Explanation:

The college should consider that Pathways uses Program Plan and Plan Requirement records when implementing Pathways to support students in their academic journey. Pathways is a feature in Student Success Hub that allows users to create and manage personalized learning plans for students based on their goals and interests. Pathways uses Program Plan and Plan Requirement records to define the structure and requirements of a learning plan, such as courses, credits, or milestones. The college should consider that Pathways uses Program Plan and Plan Requirement records when implementing Pathways to support students in their academic journey by configuring and customizing these records to match their academic programs and policies. There is a limit to the number of Plan Requirement records or there are only two levels of Program Plan requirements in Pathways are not things that the college should consider when implementing Pathways to support students in their academic journey. NEW QUESTION # 28

A university plans to implement Salesforce. The project lead is drafting a communication plan and has asked the consultant to provide examples of communications to send after implementation.

Which communication example should a consultant recommend?

- A. User contest
- B. Teaser email
- C. Project sponsor profile

Answer: A

Explanation:

User contest and post go-live recap are two communication examples that the consultant can recommend to send after implementation. User contest is a type of communication that encourages users to participate in a competition or a challenge related to using Salesforce, such as completing a certain number of tasks, earning badges on Trailhead, or submitting feedback or ideas. User contest can help increase user engagement, adoption, and satisfaction with Salesforce. Post go-live recap is a type of communication that summarizes the results and outcomes of the implementation project, such as key achievements, lessons learned, success stories, or next steps. Post go-live recap can help celebrate the project completion, acknowledge the project team and stakeholders, and provide guidance for future improvements. Teaser email and project sponsor profile are two communication examples that the consultant can recommend to send before implementation. Reference:

NEW QUESTION # 29

An elementary school plans to implement the K-12 Architecture Kit in a new org. The school want to be able to send SMS messengers to parents.

Which solution should the consultant recommend to meet the requirement?

- A. Education Data Architecture
- B. Parbot
- C. Social Studio
- D. App on the AppExchange

Answer: D

Explanation:

An app on the AppExchange is a solution that the consultant can recommend to meet the requirement of sending SMS messages to parents. An app on the AppExchange is an application that provides additional features and solutions for Salesforce. There are many apps on the AppExchange that offer SMS messaging capabilities, such as sending and receiving text messages, automating SMS campaigns, and tracking SMS analytics. The consultant can help the elementary school choose an app that meets their needs and budget. Pardot, Social Studio, and Education Data Architecture are not solutions that can send SMS messages to parents.

NEW QUESTION # 30

A customer wants to learn more about Salesforce.org solutions built by the community. Which resource should a consultant recommend?

- A. Trailblazer Community: Open Source Commons & Community Sprints
- B. Product Documentation: Is a Pro Bono Project the Right Fit?
- C. Trailblazer Community: Cumulus I (CCI)

Answer: A

Explanation:

The consultant should recommend Trailblazer Community: Open Source Commons & Community Sprints as a resource where the customer can find more information on Salesforce.org solutions built by the community. Trailblazer Community is a platform that connects Salesforce customers, partners, employees, and enthusiasts to learn, share, and collaborate on Salesforce topics and projects. Trailblazer Community: Open Source Commons & Community Sprints is a group within Trailblazer Community that provides information on Salesforce.org solutions built by the community, such as open-source projects, community sprints, or community-led webinars. The customer can also join discussions, forums, or blogs related to Salesforce.org solutions built by the community on Trailblazer Community: Open Source Commons & Community Sprints. Product Documentation: Is a Pro Bono Project the Right Fit?, Trailblazer Community: Cumulus I (CCI), or AppExchange are not resources where the customer can find more information on Salesforce.org solutions built by the community. NEW QUESTION # 31

A high school recently implemented the K-12 Architecture Kit and wants to track student absences from class and midyear grades. Which two objects should the consultant use to address these requirements?

Choose 2 answers.

- A. Attendance Event
- B. Program Enrollment
- C. Term Grade
- D. Behavior Involvement

Answer: A,C

Explanation:

Term Grade and Attendance Event are two objects that the consultant should use to address the requirements of tracking student absences from class and midyear grades. Term Grade is an object that stores the grades that a student receives for a course offering in a specific term. Attendance Event is an object that stores information about a student's attendance or absence for a course offering or a course connection. Behavior Involvement and Program Enrollment are not objects that can track student absences from class and midyear grades. Reference:
