It includes configuring forecasting methods, analyzing pipeline health, and using Oracle Sales tools to predict revenue outcomes effectively.</li> </ul>

## Oracle Sales Business Process Foundations Associate Rel 2 Sample Questions (Q12-Q17):

### NEW QUESTION # 12

Quotes may have one of four statuses. During which status might a Sales Manager be required to approve an out-of-policy discount?

- A. Approved
- B. Created
- C. Pending Review**
- D. Pending Customer Approval

**Answer: C**

Explanation:

In Oracle CX Sales, quote statuses include Created, Pending Review, Pending Customer Approval, and Approved. "Pending Review" (C) is when a Sales Manager might approve an out-of-policy discount, as it's the internal review stage before finalization. "Pending Customer Approval" (A) is post-internal approval, for customer sign-off. "Created" (B) is too early, pre-review. "Approved" (D) is post-approval, completed. The answer (Ads: 3) fits Oracle's quote approval process.

### NEW QUESTION # 13

In the Channel Lead to Vendor Opportunity process, in your organization, Sam is a Partner Sales Representative, Tina is a Partner Sales Manager, Victoria is a Channel Account Manager, and Walter is the Channel Vice President. Who has the responsibility of

assigning an opportunity to Sam?

- A. Victoria
- B. Walter
- C. Tina
- D. Sam himself

**Answer: A**

Explanation:

In the Channel Lead to Vendor Opportunity process, the "Channel Account Manager" (A), Victoria, assigns opportunities to partners like Sam, the Partner Sales Representative, ensuring alignment with vendor goals. "Walter" (B), Channel VP, is too senior. "Tina" (C), Partner Sales Manager, oversees Sam but doesn't assign from the vendor side. "Sam himself" (D) doesn't self-assign. The answer (Ans: 1, corrected from 4) reflects Oracle's channel assignment role.

#### NEW QUESTION # 14

Which statement about quote generation is incorrect?

- A. Discounts may be applied to the quote during the quote generation process.
- B. Quotes are created based on the product details in the opportunity.
- C. The quoting application may add products and services vital for a successful solution.
- D. Once a quote is complete, it is immediately sent to the customer for approval.

**Answer: D**

Explanation:

In Oracle CX Sales, quote generation follows a structured process. "Discounts may be applied" (B) is correct, as discounts are configurable during quoting. "Quotes are created based on opportunity product details" (C) is accurate, linking quotes to opportunities. "Adding vital products/services" (D) is possible to ensure a complete solution. However, "immediately sent to the customer" (A) is incorrect because quotes typically require internal review or approval (e.g., for out-of-policy discounts) before being sent, making this the incorrect statement (RDS: 1).

#### NEW QUESTION # 15

Charles is the Sales Representative for key account Ajax Inc. Carole is the Sales Manager, Catherine is the Sales Director, Carlos is the Marketing Director, and Clarice is the Marketing Vice President. Which two people are primarily responsible for analyzing customer onboarding calls?

- A. Carole
- B. Charles
- C. Clarice
- D. Carlos
- E. Catherine

**Answer: A,B**

Explanation:

Analyzing customer onboarding calls falls to sales roles directly involved with the account. "Charles" (A), the Sales Representative, handles day-to-day interactions and gathers insights from calls. "Carole" (C), the Sales Manager, oversees the process and ensures alignment with sales goals. "Catherine" (D), "Carlos" (E), and "Clarice" (B) are higher-level or marketing roles, less involved in operational analysis. The corrected answer (Ans: 1, 3) fits Oracle's sales team responsibilities.

#### NEW QUESTION # 16

Sales groups help the business team to analyze opportunities of a similar type and track their progression in the sales pipeline. On which three criteria can sales groups be based?

- A. Sales Manager
- B. Product
- C. Business Lines

- D. Service
- E. Contracts

**Answer: B,C,D**

### Explanation:

Sales groups in Oracle CX Sales categorize opportunities for analysis. "Service" (A) and "Product" (B) are common criteria, reflecting offerings. "Business Lines" (E) align with organizational units. "Sales Manager" (C) defines team ownership, not group criteria. "Contracts" (D) are specific to deals, not grouping. The answer (Ans: 1, 2, 5, corrected from 3-5) fits Oracle's sales group definition.

## NEW QUESTION # 17
