So the learners have no obstacles to learn our CIS-EM certification guide.

The CIS-EM certification exam covers a range of topics related to the ServiceNow Event Management application, including event correlation, alerting and notifications, event management workflows, and the configuration and customization of event management dashboards. CIS-EM exam consists of 60 multiple-choice questions and must be completed within 90 minutes. To pass the exam, candidates must score at least 70%.

What skills are measured by the ServiceNow CIS-EM Exam?

The CIS-EM certification is for anyone who plans, designs, develops, deploys, implements, or administers Event Management. This certification requires you to have hands-on experience with the functionality of the product. You will have to know how to create and manage events, event templates, and event categories; how to set up event subscriptions; and how to use event reports to analyze event data. The CIS-EM certification also covers configuring the Zendesk integration and the Salesforce integration.

The ServiceNow Certified Implementation Specialist Event Management exam measures the following skills:

- Understand the ServiceNow event management process, including event types and the workflow that processes event data.
- Implement automation using a workflow trigger or a web service callout action to send an email notification to a user. (This objective may be new.)
- Create integration between ServiceNow and an external application using web services. (This objective may be new.)
- Create, update, and test event-based custom objects and fields.

ServiceNow CIS-EM Exam covers a range of topics related to ServiceNow Event Management, including event management processes, event correlation, event sources, notifications, and reporting. Successful candidates will be able to demonstrate their ability to configure and manage ServiceNow Event Management applications, as well as their understanding of related concepts such as event policies, event rules, and event actions. CIS-EM exam is designed to test the candidate's knowledge and skills in real-world scenarios, ensuring that successful candidates are well-equipped to handle the challenges of implementing and managing ServiceNow Event Management applications.
