Since IT certification examinations are difficult, we know many candidates are urgent to obtain valid preparation materials to help them clear exam success. Now we offer the valid NS0-528 test study guide which is really useful. If you are still hesitating about how to choose valid products while facing so many different kinds of exam materials, here is a chance, our Network Appliance NS0-528 Test Study Guide is the best useful materials for people.

## Network Appliance NS0-528 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"> <li>NetApp ONTAP Business Continuity Solutions: This section of the exam measures the skills of Disaster Recovery Specialists and covers advanced business continuity technologies. This includes the configuration and operation of SnapMirror active sync for continuous data replication and the execution of SVM-DR (Storage Virtual Machine Disaster Recovery) operations to ensure high availability.</li> </ul>
Topic 2	<ul style="list-style-type: none"> <li>NetApp Data Protection Software: This section of the exam measures the skills of DevOps Engineers and focuses on the deployment and administration of NetApp's proprietary data protection software. A key part of this domain involves applying these solutions to protect modern containerized applications running in Kubernetes environments.</li> </ul>

Topic 3	<ul style="list-style-type: none"> <li>• Troubleshooting and Testing: This section of the exam measures the skills of Support Engineers and focuses on the practical skills needed to maintain data integrity. It involves troubleshooting common data protection configuration issues, executing well-defined Disaster Recovery (DR) procedures, and performing data restore operations to recover from data loss.</li> </ul>
Topic 4	<ul style="list-style-type: none"> <li>• NetApp ONTAP Core Data Protection Features: This section of the exam measures the skills of Systems Administrators and validates core knowledge of data protection and redundancy within the ONTAP environment. It encompasses understanding how data efficiencies impact protection strategies and the practical knowledge required to deploy these data protection solutions effectively in a hybrid cloud infrastructure.</li> </ul>
Topic 5	<ul style="list-style-type: none"> <li>• Data Protection Solutions: This section of the exam measures the skills of Storage Architects and covers the foundational principles of designing data protection solutions. It focuses on creating comprehensive design documentation, understanding the various components involved, and identifying all critical solution dependencies to ensure a robust and reliable data protection strategy.</li> </ul>

## **Latest NS0-528 Exam Materials - Detail NS0-528 Explanation**

The modern Network Appliance world is changing its dynamics at a fast pace. With the Network Appliance NS0-528 certification, you can learn these changes and stay updated all the time. There are other countless Implementation Engineer - Data Protection Exam (NS0-528) certification exam benefits that you can gain after passing the exam. The prominent Implementation Engineer - Data Protection Exam (NS0-528) certification exam benefits are validation of skills, more career opportunity, salary increment, and the opportunity to become a member of the Network Appliance community.

### **Network Appliance Implementation Engineer - Data Protection Exam Sample Questions (Q117-Q122):**

#### **NEW QUESTION # 117**

You want to determine the amount of cold data that can be tiered from a FabricPool-enabled aggregate. In this scenario, which feature satisfies this requirement?

- A. Object Store Profiler
- B. Information Lifecycle Management
- **C. Inactive Data Reporting**
- D. Auto Balance

**Answer: C**

#### **NEW QUESTION # 118**

What is the difference between synchronous and asynchronous SnapMirror replication?

- A. Synchronous replication is faster than asynchronous replication
- **B. Synchronous replication ensures that data is consistent between systems, while asynchronous replication does not**
- C. Asynchronous replication requires less network bandwidth than synchronous replication
- D. Asynchronous replication ensures that data is consistent between systems, while synchronous replication does not

**Answer: B**

#### **NEW QUESTION # 119**

Click the Exhibit button.

You have been receiving the lag status error notifications shown in the exhibit.

What must you do to correct this problem?

- A. Add a schedule to the relationship.
- **B. Resynchronize the relationship.**
- C. Fan out the relationship.
- D. Quiesce the relationship.

**Answer: B**

### NEW QUESTION # 120

Exhibit:

Referring to the exhibit, which volume has the highest level of protection assigned to it?

- A. project\_a
- **B. mworthen\_src1\_lun**
- C. new\_work\_vol
- D. my\_vol

**Answer: B**

### NEW QUESTION # 121

You have set up a SnapMirror relationship between volumes in ClusterA and ClusterB. Both the clusters have the same NetApp ONTAP software release and platform. You have enabled Temperature Sensitive Storage Efficiency (TSSE) on the source volume. How does TSSE affect the efficiency on the destination volume?

- A. TSSE must be manually configured on the destination volumes, otherwise the SnapMirror transfers will fail.
- B. TSSE settings are inherited by SnapMirror destination volumes only if the destination volume is less than 50% full.
- **C. TSSE settings are inherited by SnapMirror destination volumes by default.**
- D. TSSE cannot be enabled for volumes in a SnapMirror relationship.

**Answer: C**

Explanation:

When Temperature Sensitive Storage Efficiency (TSSE) is enabled on a SnapMirror source volume, the settings are automatically inherited by the destination volume during SnapMirror initialization. This ensures consistent storage efficiency behavior across the replication relationship.

### NEW QUESTION # 122

.....

The PrepAwayTest is a trusted and leading platform that is committed to making the entire Network Appliance NS0-528 exam preparation process simple, smart, and quick. To achieve this objective PrepAwayTest is offering real, valid, and updated Network Appliance NS0-528 Exam Questions. These Network Appliance NS0-528 exam dumps are the real NS0-528 exam questions that surely will repeat in the upcoming NS0-528 exam and you can pass the challenging exam.
