

# Reliable Juniper JN0-336 Test Sims - Reliable JN0-336 Exam Practice

---

## Juniper JN0-351 Practice Questions

### Enterprise Routing and Switching, Specialist (JNCIS-ENT)

Order our JN0-351 Practice Questions Today and Get Ready to Pass with Flying Colors!

### JN0-351 Practice Exam Features | QuestionsTube

- Latest & Updated Exam Questions
- Subscribe to FREE Updates
- Both PDF & Exam Engine
- Download Directly Without Waiting

<https://www.questionstube.com/exam/jn0-351/>

At QuestionsTube, you can read JN0-351 free demo questions in pdf file, so you can check the questions and answers before deciding to download the Juniper JN0-351 practice questions. These free demo questions are parts of the JN0-351 exam questions. Download and read them carefully, you will find that the JN0-351 test questions of QuestionsTube will be your great learning materials online. Share some JN0-351 exam online questions below.

1. You are a network operator who wants to add a second ISP connection and remove the default

P.S. Free & New JN0-336 dumps are available on Google Drive shared by Pass4cram: [https://drive.google.com/open?id=1pc5LFJzUs53A0WQh-7jZP1KxQdX\\_2B-o](https://drive.google.com/open?id=1pc5LFJzUs53A0WQh-7jZP1KxQdX_2B-o)

All these three Security, Specialist (JNCIS-SEC) (JN0-336) exam questions formats offered by the Pass4cram are easy to use and perfectly work with all the latest web browsers, operating systems, and devices. The Pass4cram JN0-336 web-based practice test software and desktop practice test software both are the mock Juniper JN0-336 Exam that will give you real-time Security, Specialist (JNCIS-SEC) (JN0-336) exam environment for quick preparation.

Our Pass4cram web-based practice exam helps you boost your confidence with real Juniper Dumps questions. Built-in tracker saves all practice exam attempts to point out mistakes. This feature helps you to improve your Security, Specialist (JNCIS-SEC) (JN0-336) exam knowledge and skills. You can attempt this Juniper web-based practice test on all operating systems, including Mac, Linux, iOS, Windows, and Android.

## Reliable JN0-336 Exam Practice - JN0-336 Labs

From the Pass4cram platform, you will get the perfect match JN0-336 actual test for study. JN0-336 practice download pdf are researched and produced by Professional Certification Experts who are constantly using industry experience to produce precise, and

logical Juniper training material. JN0-336 Study Material is constantly being revised and updated for relevance and accuracy. You will pass your real test with our accurate JN0-336 practice questions and answers.

## Juniper Security, Specialist (JNCIS-SEC) Sample Questions (Q86-Q91):

### NEW QUESTION # 86

Which two statements are true about the fab interface in a chassis cluster? (Choose two.)

- A. The physical interface for the fab link must be specified in the configuration.
- B. The fab link supports traditional interface features.
- C. The Junos OS supports only one fab link.
- D. The fab link does not support fragmentation.

**Answer: A,D**

Explanation:

The fabric link, used for data traffic synchronization between cluster nodes, is designed to handle packets at full size. It does not support packet fragmentation, which means that packets should be sized appropriately to avoid issues related to packet size limitations on the fab interface.

For chassis clustering, the specific physical interfaces used as fabric links (fab links) must be explicitly defined in the configuration. This specification is crucial to ensure proper data flow between nodes for state synchronization and other clustering functions.

### NEW QUESTION # 87

Which two statements are correct about chassis clustering? (Choose two.)

- A. The node ID value ranges from 1 to 255.
- B. A system reboot is required to activate changes to the cluster.
- C. The cluster ID is used to identify each device in the chassis cluster.
- D. The node ID is used to identify each device in the chassis cluster.

**Answer: B,D**

Explanation:

In chassis clustering, the node ID is indeed used to uniquely identify each device within the cluster. This allows for individual addressing and management of devices within the cluster configuration, which is crucial for operations and maintenance.

Typically, activating changes that involve chassis clustering configuration, such as setting or changing the node ID or forming a new cluster, requires a reboot of the devices. This ensures that all configuration changes are properly applied and that the devices can synchronize their states as part of the cluster.

### NEW QUESTION # 88

You are asked to block malicious applications regardless of the port number being used.

In this scenario, which two application security features should be used? (Choose two.)

- A. AppFW
- B. AppTrack
- C. APPID
- D. AppQoS

**Answer: A,C**

### NEW QUESTION # 89

Which two statements are true about mixing traditional and unified security policies? (Choose two.)

- A. Traditional security policies must come before unified security policies
- B. Unified security policies must come before traditional security policies
- C. When a packet matches a unified security policy, the evaluation process terminates
- D. When a packet matches a traditional security policy, the evaluation process terminates

**Answer: C,D**

#### NEW QUESTION # 90

Which two statements are correct about a reth LAG? (Choose two.)

- A. Links must use the same cable type
- **B. Links must have the same speed and duplex setting.**
- **C. You should have two or more interfaces.**
- D. You must have a "minimum-links" statement value of two.

**Answer: B,C**

Explanation:

A reth LAG is a redundant Ethernet link aggregation group that combines multiple physical interfaces into a single logical interface in a chassis cluster. A reth LAG provides load balancing and redundancy for traffic within or between redundancy groups. Two statements that are correct about a reth LAG are:

Links must have the same speed and duplex setting: To form a reth LAG, the physical interfaces must have the same speed and duplex setting. This ensures that the links can operate at the same capacity and avoid performance issues or errors.

You should have two or more interfaces: To create a reth LAG, you need to have at least two physical interfaces. One interface should be connected to node 0 and the other interface should be connected to node 1. You can also have more than two interfaces in a reth LAG for increased bandwidth and redundancy.

#### NEW QUESTION # 91

.....

Our Security, Specialist (JNCIS-SEC) (JN0-336) PDF format is user-friendly and accessible on any smart device, allowing applicants to study from anywhere at any time. We have included actual and updated Juniper JN0-336 questions in this Security, Specialist (JNCIS-SEC) (JN0-336) Dumps PDF file. Our Security, Specialist (JNCIS-SEC) (JN0-336) exam dumps PDF format is designed to help individuals acquire the knowledge necessary to succeed in the test.

**Reliable JN0-336 Exam Practice:** [https://www.pass4cram.com/JN0-336\\_free-download.html](https://www.pass4cram.com/JN0-336_free-download.html)

Actually, just think of our Juniper Reliable JN0-336 Exam Practice practice materials as the best way to pass the exam is myopic, Juniper Reliable JN0-336 Test Sims And it is easy and convenient for you to make it, Hurry up to try, Why should people choose our Juniper JN0-336 exam study guide, So you need our JN0-336 training materials: Security, Specialist (JNCIS-SEC) to get rid of these problems, In reality, our JN0-336 practice test questions will help you learn a lot of knowledge, which is a great help when you want to win out among many excellent candidates.

For example, you need to attain your associate-level Reliable JN0-336 Exam Practice credential before you advance to the professional level, and so forth, It is not my goal to convince people to JN0-336 remain in an industry or career for which they do not possess drive or passion.

### Reliable Reliable JN0-336 Test Sims Help You to Get Acquainted with Real JN0-336 Exam Simulation

Actually, just think of our Juniper practice materials JN0-336 Labs as the best way to pass the exam is myopic, And it is easy and convenient for you to make it, Hurry up to try!

Why should people choose our Juniper JN0-336 exam study guide, So you need our JN0-336 training materials: Security, Specialist (JNCIS-SEC) to get rid of these problems.

- Choosing Reliable JN0-336 Test Sims Makes It As Easy As Eating to Pass Security, Specialist (JNCIS-SEC) ☐ Search on ➤ [www.examdisscuss.com](http://www.examdisscuss.com) ☐ for ☀ JN0-336 ☀ ☐ to obtain exam materials for free download ☐ Frequent JN0-336 Update
