You can have a model test in limited time by our CCM Study Materials, if you finish the model test, our system will generate a report according to your performance. You can know what knowledge points you do not master. By the report from our CCM study questions. Then it will be very easy for you to pass the CCM exam.

## Medical Professional Certified Case Manager Certification Exam (CCM) Sample Questions (Q98-Q103):

### NEW QUESTION # 98

Under the FIDIC Red, Yellow, and Silver Books (edition 2017), if a Dispute is referred to the Dispute Avoidance and Adjudication Board (DAAB) to obtain its decision, the Parties shall suspend performing their obligations in accordance with the Contract, until they receive further directions from the DAAB. Is this statement true or false?

- A. False
- B. True

**Answer: A**

Explanation:

The statement is false. Under FIDIC 2017 editions, the referral of a dispute to the DAAB does not automatically suspend the Parties' contractual obligations. The works and contract performance generally continue while the dispute is adjudicated, unless otherwise agreed or ordered.

Suspension of obligations can disrupt project progress and is not encouraged by FIDIC procedures, which emphasize dispute resolution without delaying the work.

FIDIC Red, Yellow, and Silver Books 2017 Edition, Clause 21 - Disputes and Adjudication FIDIC Contract Manager Study Guide, Module on Dispute Resolution

### NEW QUESTION # 99

In case a Variation is initiated by the Engineer for prompt implementation ..... [FIDIC Red, and Yellow Books, 2017 Editions]  
Choose all of the correct answers (multiple possibilities).

- A. ... the Contractor is not bound to start implementing the varied works right up until the price for the varied works is fully agreed (or determined)
- B. ... the Contractor is required to commence implementing the varied works and take records of all the details ( ... regarding the details of the varied works executed, expenditures incurred, and impact on progress etc.)
- C. ... the Contractor may send a Notice to the Engineer, that the subject of the Variation was Unforeseeable (having regard to the scope and nature of the Works), hence, the Contractor is not to start implementing the varied work promptly.
- D. ... the Contractor within 28 days after receiving such instruction shall submit to the Engineer a description of the varied work, a programme for its execution and a proposal for adjustment of the Contract Price.
- E. ... the Contractor is required to commence implementing the varied works even if it would pose immediate hazard to the safety of public areas surrounding the Site

**Answer: B,D**

Explanation:

Comprehensive and Detailed Explanation:

Option B is correct: When instructed to implement a Variation promptly, the Contractor must commence work and keep detailed records for subsequent valuation and impact assessment.

Option D is correct: The Contractor is required to submit, within 28 days, a description, programme, and price proposal relating to the Variation as part of contract procedures.

Option A is incorrect: The Contractor generally must proceed promptly regardless of dispute about foreseeability but may reserve rights via notices.

Option C is incorrect: Safety cannot be compromised; the Contractor should not undertake hazardous work without mitigation.

Option E is incorrect: The Contractor is generally bound to start work upon instruction even if the price is not yet agreed.

### NEW QUESTION # 100

Which of the following obligations are relevant to the Engineer's roles with regards to insurance? [2017 Edition] (2 correct answers apply) Choose all of the correct answers (multiple possibilities).

- A. The Engineer is entitled to take out an insurance on behalf of the Contractor, in case the Contractor fails to extend the validity of a specific insurance.
- B. The Engineer shall immediately suspend all construction activities at the Site, in case the Contractor failed to take out any necessary insurance.
- C. The Engineer should continuously monitor that the Contractor's insurance policies are kept valid, and extensions are duly arranged, when necessary.
- D. The Engineer shall receive a copy of the evidence(s) demonstrating Contractor's payment of the necessary insurance premiums.

**Answer: C,D**

Explanation:

Comprehensive and Detailed Explanation:

Option A is correct: The Engineer is entitled to receive evidence that the Contractor has paid for the necessary insurance policies.

Option C is correct: The Engineer has the role of monitoring the validity of these insurances and ensuring that renewals or extensions are arranged in a timely manner.

Option B is incorrect; the Engineer does not have the authority to take out insurance on behalf of the Contractor.

Option D is incorrect; suspension of construction activities is not automatically the Engineer's role for insurance lapses but may require instructions from the Employer.

FIDIC Red, Yellow, Silver Books 2017 Edition, Sub-Clause 18 - Insurances FIDIC Contract Manager Study Guide, Module on Contract Administration and Insurance

### NEW QUESTION # 101

Under the FIDIC Red and Yellow Books (edition 1999): if the Engineer gives an instruction which requires the Employer's prior approval, the Contractor is required to verify whether the Engineer has obtained the Employer's prior approval or not. Is this statement true or false?

- A. False
- B. True

**Answer: A**

Explanation:

Under the FIDIC Red and Yellow Books 1999 editions, the Engineer acts as the Employer's representative with authority delegated under the contract. When an instruction requires the Employer's prior approval, it is primarily the Engineer's responsibility to obtain that approval before issuing the instruction to the Contractor.

The Contractor is not contractually required to verify whether the Engineer has obtained the Employer's approval. The Contractor is generally entitled to rely on the Engineer's instructions as valid and binding unless there is clear evidence to the contrary.

This principle avoids placing an undue administrative burden on the Contractor and maintains the hierarchical contract administration structure, where the Engineer is the primary point of contact and decision-maker.

### NEW QUESTION # 102

Which of the following statements are relevant to continuing effect claims? [FIDIC 2017 Edition] (2 correct answers apply)

- A. In general, a fully detailed Claim has to be submitted within 84 days after becoming aware of the event giving rise to the claim
- B. Continuing effect claims shall be noticed in the same way as "normal" claims, within 28 days after the Claiming Party became aware of the event or circumstance.
- C. In case the Contractor is the Claiming Party, when he/she misses to submit even just a single interim claim, then his/her

entitlement is lost.

- D. In case the Employer is the Claiming Party, then he/she is not obliged to submit interim claims.

**Answer: A,B**

Explanation:

Comprehensive and Detailed Explanation:

Option A is correct: Continuing effect claims (claims where the event's impact continues over time) require notices like other claims, typically within 28 days of awareness.

Option D is correct: The fully detailed claim submission generally must be within 84 days of becoming aware of the event, allowing the Claiming Party to elaborate on the claim.

Option B is incorrect; Employer claims also require timely notification.

Option C is incorrect; missing a single interim claim does not necessarily result in losing entitlement if the contract allows for correction or continued claims.
