- A. Close the Programme
- B. Find a different approach to delivering the Blueprint
- C. Design a Blueprint that is less ambitious
- D. Seek further funding for the programme

Answer: D

NEW QUESTION # 70

Who approves Business Case?

- A. Sponsoring Group
- B. SRO
- C. Programme Manager
- D. BCM

Answer: B

NEW QUESTION # 71

Which of below sentences best defines programme management?

- A. Action of carrying out coordinated organization, direction and implementation of project dossier and transformation activities to realize benefits of strategic importance
- B. Coordinating projects under a common umbrella
- C. Executing dependent projects with aim of realizing benefits
- D. Management of set of activities with dependencies and deadlines with aim of realizing benefits

Answer: A

Explanation:

Programme management is defined in MSP as "the action of carrying out coordinated organization, direction and implementation of project dossier and transformation activities to realize benefits of strategic importance." This definition underscores the holistic and strategic nature of programme management, integrating multiple projects and transformational efforts to deliver outcomes that align with organizational strategy.

The MSP Practitioner emphasizes the coordinated nature of programme management that differentiates it from project or portfolio management, focusing on realization of benefits through strategic change delivery.

This definition encapsulates the complexity and scope of programme management, ensuring delivery is both controlled and aligned to strategic goals.

NEW QUESTION # 72

Which of the following defines an Emergent programme?

- A. Must do programmes often due to result of an external event and aimed to avoid negative implications
- B. Programme focused on transforming the way business functions
- C. Evolved from concurrent, individual projects with need to ensure compliance to organization strategy
- D. Translation of political priorities into a programme to refine and deliver desired changes

Answer: C

NEW QUESTION # 73

The following statement needs to be recorded:

"The vision statement will be developed and tested in a facilitated workshop with the senior officers from each department, before final approval by the CEO." In which section of the programme strategy should this be recorded?

- A. Decision-making approach
- B. Design approach
- C. Stakeholder engagement approach
- D. Governance approach

Answer: B

Explanation:

Comprehensive and Detailed 200 to 250 words of Explanation From Exact Extract of project- programme-and-portfolio-management of 5th Edition MSP:

In MSP 5th Edition, the Programme Strategy is a high-level document that outlines how the programme will be directed and managed. One of its vital components is the Design Approach. This section defines how the programme will design its future state, which includes the development of the Vision Statement and the Target Operating Model (TOM). The design approach specifies the methods, tools, and consultative processes (such as workshops) that will be used to ensure the design is robust and meets the strategic objectives.

The statement regarding the facilitated workshop for developing and testing the vision statement is a procedural detail of the "design" phase of the programme. Option C is correct because the vision statement is the cornerstone of the programme's design; it describes the "post-transformation" world. Therefore, the methodology for creating it—including who is involved (senior officers) and who approves it (CEO)—belongs in the Design Approach. While this involves stakeholders (Option B) and decisions (Option D), those are broader themes. The specific activity of forming the vision is a design activity. The Design Approach ensures that there is a structured way to move from the initial mandate to a clear, agreed-upon vision that guides all subsequent tranches and projects.
