Answer: D

Explanation:

Text Description automatically generated

The customer-supplied VDS can only be configured through a JSON file created through the configuration VxRail portal. The customer must configure the external VDS, and its port groups and teaming policy prior to connecting VxRail.

NEW QUESTION # 196

.....

D-VXR-DY-23 test questions have a mock examination system with a timing function, which provides you with the same examination environment as the real exam. Although some of the hard copy materials contain mock examination papers, they do not have the automatic timekeeping system. Therefore, it is difficult for them to bring the students into a real test state. With D-VXR-DY-23 Exam Guide, you can perform the same computer operations as the real exam, completely taking you into the state of the actual exam, which will help you to predict the problems that may occur during the exam, and let you familiarize yourself with the exam operation in advance and avoid rushing during exams.
