So the clients must appreciate our PEGACPDC25V1 study question after they pass the test.

Pegasystems Certified Pega Decisioning Consultant 25 Sample Questions (Q105-Q110):

NEW QUESTION # 105

As a decisioning architect, you have built a decision strategy that selects actions that are below the average printing cost. The decision strategy contains 'Black Label,' 'Red Label,' and 'Blue Label' Proposition components. The printing cost of the Proposition components are calculated based on the 'BaseCost' and 'LetterCount*.

The details of the proposition components are provided in the following table:

Proposition	BaseCost	LetterCount	PrintingCost
Black Label	25	4	100
Red Label	150	2	300
Blue Label	200	3	600

Which propositions does the strategy output?

- A. Black Label
- B. Red Label
- C. Black Label and Blue Label
- D. Black Label and Red Label

Answer: D

NEW QUESTION # 106

U+ Bank has recently defined two contact policies:

1. Suppress a group of credit card offers for 30 days if any credit card offer is rejected three times in any channel in the past 15 days.
 2. Suppress the Reward card offer, part of the credit card group, for 7 days if it is rejected twice in any channel in the last 7 days.
- Paul, an existing U+ Bank customer, no longer sees the Reward card offer. What is the reason that Paul cannot see the offer?

- A. Paul rejected other credit card offers twice on the web channel and once in contact center.
- B. Paul rejected the Reward card offer once on the web channel.
- C. Paul rejected the Reward card offer once in contact center.
- D. Paul rejected other credit card offers once on the web channel and once in the contact center.

Answer: A

Explanation:

Paul cannot see the Reward card offer because he rejected other credit card offers twice on the web channel and once in contact center in the past 15 days. This triggers the first contact policy that suppresses a group of credit card offers for 30 days if any credit card offer is rejected three times in any channel in the past 15 days. The Reward card offer is part of the credit card group, so it is suppressed for Paul for 30 days. The second contact policy that suppresses the Reward card offer for 7 days if it is rejected twice in any channel in the last 7 days does not apply because Paul did not reject the Reward card offer twice in any channel in the last 7 days. Verified Reference: [Certified Pega Decisioning Consultant | Pega Academy], Suppression policies system Following is the description of the image that was sent with question no:5:

This is a screenshot of a table with four columns and two rows.

The table has a header row with white text on a blue background.

The header row reads "Constraint name", "Constraint mode", "Constraint value", and "Channel".

The second row has black text on a white background.

The second row reads "Standard card", "Return any action that does not exceed", "100", and "Daily".

The table has a gray border and a light blue background.

NEW QUESTION # 107

U+ Bank, a retail bank, uses the business operations environment to perform its business changes. The bank carries out these changes in the Pega Customer Decision Hub portal by using revision management features or the 1:1 Operations Manager portal. For each task, select the correct portal in which you perform the build tasks based on best practices.

Task	1:1 Operations Manager	Pega Customer Decision Hub
Create a new action.	<input type="radio"/>	<input type="radio"/>
Modify a score card.	<input type="radio"/>	<input type="radio"/>
Create a decision strategy.	<input type="radio"/>	<input type="radio"/>
Edit an engagement policy for an action.	<input type="radio"/>	<input type="radio"/>
Edit a group level engagement policy.	<input type="radio"/>	<input type="radio"/>
Edit an email treatment for an	<input type="radio"/>	<input type="radio"/>

Answer:
