

Pdf FCP_FGT_AD-7.6 Exam Dump, Test FCP_FGT_AD-7.6 Dump

P.S. Free 2026 Fortinet FCP_FGT_AD-7.6 dumps are available on Google Drive shared by ActualTestsQuiz: https://drive.google.com/open?id=1fVHgB_h8bQrV1-MEek0i2FnJ_HV-wA1R

The price of Our FCP_FGT_AD-7.6 practice guide is affordable, and you can always find that from time to time, we will give some promotion for our worthy customers. Meanwhile, we provide the wonderful service before and after the sale to let you have a good understanding of our FCP_FGT_AD-7.6 Study Materials. Our service are working at 24/7 online to give you the best and the most professional guidance on our FCP_FGT_AD-7.6 learning braindumps.

Fortinet FCP_FGT_AD-7.6 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"> • Routing: This section of the exam measures the skills of firewall administrators and covers the configuration of routing features on FortiGate devices. It includes defining and applying static routes for directing traffic within and outside the network, as well as setting up Software-Defined WAN (SD-WAN) to distribute and balance traffic loads across multiple WAN connections efficiently.
Topic 2	<ul style="list-style-type: none"> • Content inspection: This section of the exam measures the skills of network security engineers and covers the setup and management of content inspection features on FortiGate. Candidates must demonstrate an understanding of encrypted traffic inspection using digital certificates, identify and apply FortiGate inspection modes, and configure web filtering policies. The ability to implement application control for monitoring and regulating network application usage, configure antivirus profiles to detect and block malware, and set up Intrusion Prevention Systems (IPS) to shield the network from threats and vulnerabilities is also assessed.
Topic 3	<ul style="list-style-type: none"> • Deployment and system configuration: This section of the exam measures the skills of network security engineers and covers essential tasks for setting up a FortiGate device in a production environment. Candidates are expected to perform the initial configuration, establish basic connectivity, and integrate the device within the Fortinet Security Fabric. They must also be able to configure a FortiGate Cluster Protocol (FGCP) high availability setup and troubleshoot resource and connectivity issues to ensure system readiness and network uptime.

Topic 4	<ul style="list-style-type: none"> • Firewall policies and authentication: This section of the exam measures the skills of firewall administrators and covers the implementation and management of security policies. It involves configuring basic and advanced firewall rules, applying Source NAT (SNAT) and Destination NAT (DNAT) options, and enforcing various firewall authentication methods. The section also includes deploying and configuring Fortinet Single Sign-On (FSSO) to streamline user access across the network.
Topic 5	<ul style="list-style-type: none"> • VPN: This section of the exam measures the skills of network security engineers and covers the configuration and deployment of Virtual Private Network (VPN) solutions. Candidates are required to implement SSL VPNs to grant secure remote access to internal resources and configure IPsec VPNs in either meshed or partially redundant topologies to ensure encrypted communication between distributed network locations.

Valid FCP_FGT_AD-7.6 Guide Exam - FCP_FGT_AD-7.6 Actual Questions & FCP_FGT_AD-7.6 Exam Torrent

Solutions is commented ActualTestsQuiz to ace your FCP - FortiGate 7.6 Administrator (FCP_FGT_AD-7.6) exam preparation and enable you to pass the final Fortinet FCP_FGT_AD-7.6 exam with flying colors. To achieve this objective Exams. Solutions is offering updated, real, and error-free FCP_FGT_AD-7.6 Certification Exam questions in three easy-to-use and compatible formats. These FCP - FortiGate 7.6 Administrator (FCP_FGT_AD-7.6) exam questions formats will help you in preparation.

Fortinet FCP - FortiGate 7.6 Administrator Sample Questions (Q35-Q40):

NEW QUESTION # 35

You have configured the below commands on a FortiGate.

```
config system settings
set strict-src-check enable
end

Config system interface
edit port1
set src-check disable
next
end
```

What would be the impact of this configuration on FortiGate?

- A. FortiGate will enable strict RPF on all its interfaces and port1 will be exempted from RPF checks.
- B. The global configuration will take precedence and FortiGate will enable strict RPF on all interfaces.
- C. FortiGate will enable strict RPF on all its interfaces and port1 will be enable for asymmetric routing.
- D. Port1 will be enabled with flexible RPF, and all other interfaces will be enabled for strict RPF

Answer: A

Explanation:

The global setting enables strict source checking (RPF) on all interfaces by default. The per-interface setting disables the source check on port1, exempting it from strict RPF enforcement.

NEW QUESTION # 36

Refer to the exhibits.

System Performance output

```
# get system performance status
CPU states: 0% user 0% system 0% nice 100% idle 0% iowait 0% irq 0% softirq
CPU0 states: 0% user 0% system 0% nice 100% idle 0% iowait 0% irq 0% softirq
CPU1 states: 0% user 0% system 0% nice 100% idle 0% iowait 0% irq 0% softirq
Memory: 2042076k total, 1837868k used (90%), 104146k free (5.1%), 100062k freeable (4.9%)
Average network usage: 19/2 kbps in 1 minute, 19/4 kbps in 10 minutes, 19/3 kbps in 30 minutes
Maximal network usage: 36/18 kbps in 1 minute, 58/86 kbps in 10 minutes, 58/87 kbps in 30 minutes
Average sessions: 21 sessions in 1 minute, 22 sessions in 10 minutes, 21 sessions in 30 minutes
Maximal sessions: 22 sessions in 1 minute, 28 sessions in 10 minutes, 28 sessions in 30 minutes
Average session setup rate: 0 sessions per second in last 1 minute, 0 sessions per second in last 10 minutes
Maximal session setup rate: 0 sessions per second in last 1 minute, 0 sessions per second in last 10 minutes
Average NPU sessions: 0 sessions in last 1 minute, 0 sessions in last 10 minutes, 0 sessions in last 30 minutes
Maximal NPU sessions: 0 sessions in last 1 minute, 0 sessions in last 10 minutes, 0 sessions in last 30 minutes
Virus caught: 0 total in 1 minute
IPS attacks blocked: 0 total in 1 minute
Uptime: 10 days, 22 hours, 50 minutes
```

Memory usage threshold settings

```
config system global
    set memory-use-threshold-extreme 89
    set memory-use-threshold-green 82
    set memory-use-threshold-red 88
end
```

The exhibits show the system performance output and default configuration of high memory usage thresholds on a FortiGate device. Based on the system performance output, what are the two possible outcomes? (Choose two.)

- A. FortiGate drops new sessions.
- B. Administrators can access FortiGate only through the console port.
- C. Administrators can change the configuration.
- D. FortiGate has entered conserve mode.

Answer: A,C

Explanation:

Since memory usage is at 90%, exceeding the red threshold (88%), FortiGate enters a state where configuration changes are still allowed.

In this state, FortiGate drops new sessions to preserve resources and maintain stability.

NEW QUESTION # 37

What are two features of the NGFW profile-based mode? (Choose two.)

- A. NGFW profile-based mode must require the use of central source NAT policy.
- B. NGFW profile-based mode supports applying applications and web filtering profiles in a firewall policy.
- C. NGFW profile-based mode can only be applied globally and not on individual VDOMs.
- D. NGFW profile-based mode policies support both flow inspection and proxy inspection.

Answer: B,D

Explanation:

NGFW (Next Generation Firewall) profile-based mode in FortiGate allows policies to use both flow-based and proxy-based inspection modes, providing flexibility depending on security and performance requirements. Additionally, profile-based mode supports applying applications and web filtering profiles directly in a firewall policy, allowing granular control over the traffic.

NEW QUESTION # 38

Which three methods are used by the collector agent for AD polling? (Choose three.)

- A. FSSO REST API
- B. WMI
- C. FortiGate polling
- D. WinSecLog
- E. NetAPI

Answer: A,B,E

Explanation:

The Fortinet Collector Agent can use the following methods to poll Active Directory (AD) for user logon events:
NetAPI - Queries the domain controllers directly to obtain user logon information.

■ FSSO REST API - Allows integration and polling via modern API-based communication for user authentication updates.

WMI (Windows Management Instrumentation) - Retrieves logon data from domain controllers

■ using WMI queries.

NEW QUESTION # 39

A network administrator is reviewing firewall policies in both Interface Pair View and By Sequence View.

The policies appear in a different order in each view.

Why is the policy order different in these two views?

- A. By Sequence View groups policies based on rule priority, while Interface Pair View always follows the order of traffic logs.
- B. Policies in Interface Pair View are prioritized by security levels, while By Sequence View strictly follows the administrator's manual ordering.
- C. The firewall dynamically reorders policies in Interface Pair View based on recent traffic patterns, but By Sequence View remains static.
- **D. Interface Pair View sorts policies based on matching interfaces, while By Sequence View shows the actual processing order of rules.**

Answer: D

Explanation:

Interface Pair View organizes policies grouped by source and destination interfaces, whereas By Sequence View displays policies in the exact order they are processed by the firewall.

NEW QUESTION # 40

.....

Are you still hesitating about which kind of FCP_FGT_AD-7.6 exam torrent should you choose to prepare for the exam in order to get the related certification at ease? Our FCP_FGT_AD-7.6 Exam Torrent can help you get the related certification at ease and FCP_FGT_AD-7.6 Practice Materials are compiled by our company for more than ten years. I am glad to introduce our study materials to you. Our company has already become a famous brand all over the world in this field since we have engaged in compiling the FCP_FGT_AD-7.6 practice materials for more than ten years and have got a fruitful outcome. You are welcome to download it for free in this website before making your final decision.
