- D. Assure teammates that they will be heard

Answer: C

Explanation:

One way a Scrum Master/Team Coach can support productive team Backlog Refinement sessions is to ensure subject matter experts are invited. Subject matter experts (SMEs) are people who have specialized knowledge or skills related to the domain or technical aspects of the product or solution. They can provide valuable input and feedback to the team during Backlog Refinement, such as clarifying requirements, validating assumptions, identifying dependencies, and suggesting solutions. SMEs can also help the team to split, estimate, and prioritize the backlog items more effectively and accurately. By inviting SMEs to the Backlog Refinement sessions, the Scrum Master/Team Coach can facilitate better collaboration, communication, and alignment among the team and the stakeholders.
