

2026 CCSFP: Certified CSF Practitioner 2025 Exam–The Best Unlimited Exam Practice

BONUS!!! Download part of TestkingPDF CCSFP dumps for free: <https://drive.google.com/open?id=1YqXpDmZTFHXvJ68MrETJHKeOwJ96ljaD>

There are many benefits after you pass the CCSFP certification such as you can enter in the big company and double your wage. Our CCSFP study materials boost high passing rate and hit rate so that you needn't worry that you can't pass the test too much. We provide free tryout before the purchase to let you decide whether it is valuable or not by yourself. To further understand the merits and features of our CCSFP Practice Engine, you should try it first!

With the help of the CCSFP practice exam questions and preparation material offered by TestkingPDF, you can pass any CCSFP certifications exam in the first attempt. You don't have to face any trouble, and you can simply choose to do a selective CCSFP brain dumps to pass the exam. We offer guaranteed success with CCSFP Questions on the first attempt, and you will be able to pass the CCSFP exam in short time. You can always consult our CCSFP certified professional support if you are facing any problems.

HITRUST CCSFP Exam Dumps with Guaranteed Success Result [2026]

For candidates who will buy CCSFP exam braindumps online, the safety of the website is quite important. If you choose CCSFP exam materials of us, we will ensure your safety. With professional technicians examining the website and exam dumps at times, the shopping environment is quite safe. In addition, we offer you instant download for CCSFP Exam Braindumps, and we will send the download link and password to you within ten minutes after payment. And you can start your study immediately.

HITRUST CCSFP Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none">Methodology updates and enhancements: This section of the exam measures skills of Information Security Managers and explains the importance of staying current with updates to the HITRUST methodology. It ensures that candidates are prepared to apply new enhancements and align their assessment practices with evolving standards.
Topic 2	<ul style="list-style-type: none">Introduction to the HITRUST Framework (HITRUST CSF) and assessment types: This section of the exam measures skills of Compliance Analysts and covers the fundamentals of the HITRUST CSF, its role as a certifiable framework, and the different assessment types that organizations may use. It ensures that candidates understand how the framework standardizes compliance and risk management processes.

Topic 3	<ul style="list-style-type: none"> • Understanding assessor roles and responsibilities: This section of the exam measures skills of Information Security Managers and clarifies the responsibilities of assessors during the HITRUST certification process. It emphasizes the importance of independence, objectivity, and professional conduct when evaluating compliance.

HITRUST Certified CSF Practitioner 2025 Exam Sample Questions (Q126-Q131):

NEW QUESTION # 126

An Interim Assessment must be completed in how many months after r2 certification is achieved? [0023]

- A. 18 months
- B. 24 months
- C. 12 months
- D. 6 months

Answer: C

Explanation:

For an r2 Certification:

Certification is valid for two years, but an Interim Assessment must be performed at the 12-month mark to maintain certification status.

This ensures continuous compliance, validation of CAP progress, and confirmation of no significant scope changes.

Extract Reference (HITRUST Assurance Program, CCSFP Guide [0023]):

Interim Assessments are required 12 months after r2 certification to maintain certification validity for the second year.

NEW QUESTION # 127

Who defines the scope of an assessment?

- A. HITRUST
- B. Client Management
- C. The Assessor

Answer: B

Explanation:

The responsibility for defining the scope of an assessment lies with client management. The organization undergoing the assessment must identify which systems, applications, facilities, and business units are in scope. This decision is based on business objectives, regulatory requirements, contractual obligations, and the sensitivity of data being processed. External Assessors play a supporting role by reviewing scope decisions and ensuring they are reasonable and sufficient to meet assurance objectives. HITRUST does not define scope directly but requires that scope decisions be documented and defensible. An accurately defined scope ensures that the assessment reflects the organization's risk exposure without omitting critical components. Mis-scoping can either undermine assurance or create unnecessary testing burden.

NEW QUESTION # 128

In an i1 assessment a Control Reference score of 62 would yield which result?

- A. A Control Reference gap
- B. A required CAP for all gaps within the associated Requirement Statements
- C. A HITRUST certification
- D. An optional CAP for all gaps within the associated Requirement Statements

Answer: B

Explanation:

In an i1 assessment, scoring follows a pass/fail logic tied to CAP requirements. If a Control Reference scores below the defined threshold (typically 83 for i1 assessments), any gaps within its requirement statements must be addressed with a required Corrective Action Plan (CAP). A score of 62 is below the threshold, meaning it cannot be accepted without remediation. This ensures organizations remediate key cybersecurity hygiene gaps, even in a moderate assurance assessment. Optional CAPs are not used in i1 assessments, as the assurance program emphasizes mandatory remediation for below-threshold controls. Certification cannot be granted with unresolved required CAPs. Therefore, the correct outcome for a score of 62 in an i1 Control Reference is a required CAP.

References: HITRUST CSF Assurance Program - "i1 Assessment Scoring Rules"; CCSFP Practitioner Guide - "CAP Requirements in i1 Assessments."

NEW QUESTION # 129

Which version of the CSF supports a traversable requirement statement portfolio? [0107]

- A. v9.2
- B. v9.4
- C. v9.6.1
- **D. 0**

Answer: D

Explanation:

The HITRUST CSF v11 introduced a traversable requirement statement portfolio, allowing organizations and assessors to navigate requirements across versions more effectively. This capability ensures consistency, historical traceability, and clarity when mapping requirement statements between CSF iterations. Earlier versions (v9.2, v9.4, v9.6.1) did not support the full traversable portfolio functionality.

Extract Reference (HITRUST CSF v11, CCSFP Study Guide):

Version 11 introduced structural updates including a traversable portfolio of requirement statements, enabling easier mapping and navigation across framework versions for consistent assessments.

NEW QUESTION # 130

For an r2 assessment, HITRUST requires a Corrective Action Plan (CAP) when the Control Reference required for certification scored a 70 or less, and Implementation scores less than 100%.

- **A. True**
- B. False

Answer: A

Explanation:

In an r2 assessment, CAP requirements are determined at the Control Reference level. If the aggregate score falls below the certification threshold of 71, and the Implementation maturity level is not at 100%, a Corrective Action Plan (CAP) must be documented. This ensures that organizations commit to remediating critical control deficiencies before certification can be finalized. CAPs must include clear details such as responsible parties, remediation steps, and timelines. Without CAPs, HITRUST will not accept the assessment for certification. Even if Policy or Procedure scores are strong, missing implementation creates unacceptable risk. Therefore, HITRUST mandates CAPs in these cases to close certification-critical gaps.
