

# Free PDF Quiz The Open Group - OGEA-101– Professional Actual Test Answers

2026 Latest It-Tests OGEA-101 PDF Dumps and OGEA-101 Exam Engine Free Share: <https://drive.google.com/open?id=1HAqo722p1Qc7ftr2x52DhGeyCI3du4RO>

The certification of The Open Group OGEA-101 exam is what IT people want to get. Because it relates to their future fate. The Open Group OGEA-101 exam training materials are the learning materials that each candidate must have. With this materials, the candidates will have the confidence to take the exam. Training materials in the It-Tests are the best training materials for the candidates. With It-Tests's The Open Group OGEA-101 Exam Training materials, you will pass the exam easily.

This format of The Open Group OGEA-101 exam preparation material is compatible with smartphones and tablets, providing you with the convenience and flexibility to study on the go, wherever you are. Our OGEA-101 PDF questions format is portable, allowing you to study anywhere, anytime, without worrying about internet connectivity issues or needing access to a desktop computer. Actual The Open Group OGEA-101 Questions in the The Open Group OGEA-101 PDF are printable, enabling you to study via hard copy.

## Reliable OGEA-101 Study Plan & Exam OGEA-101 Quiz

With the advent of the era of big data, data information bringing convenience to our life at the same time, the problem of personal information leakage has become increasingly prominent. For preventing information leakage, our OGEA-101 test torrent will provide the date protection for all customers. It is not necessary for you to be anxious about your information gained by the third party. At the same time, the versions of our TOGAF Enterprise Architecture Part 1 Exam exam tool also have the ability to help you ward off network intrusion and attacks and protect users' network security. If you choose our OGEA-101 Study Materials, we can promise that we must enhance the safety guarantee and keep your information from revealing.

## The Open Group OGEA-101 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"><li>Architecture Change Management: Focusing on managing architecture changes, this topic of the TOGAF Enterprise Architecture Part 1 exam assesses skills of practitioners in handling change requests and maintaining architecture repositories.</li></ul>
Topic 2	<ul style="list-style-type: none"><li>Architecture Governance: This topic of The Open Group OGEA-101 exam covers the governance framework and responsibilities of architecture boards. It evaluates the skills of TOGAF practitioners in establishing governance structures.</li></ul>
Topic 3	<ul style="list-style-type: none"><li>Architecture Vision: Aspiring TOGAF practitioners learn to develop an architecture vision that aligns with business goals and drivers. This topic evaluates the skills in articulating a clear and compelling vision, a necessary competency for successfully navigating the OGEA-101 Exam and implementing enterprise architecture.</li></ul>

Topic 4	<ul style="list-style-type: none"> <li>Information Systems Architecture: Focusing on data and application architectures, this topic of the OGEA-101 exam assesses ability of TOGAF practitioners to define and manage information systems. It measures their skills in identifying data entities and application components.</li> </ul>
Topic 5	<ul style="list-style-type: none"> <li>Architecture Content Framework: Candidates learn about the TOGAF content metamodel and architecture artifacts. This topic of the OGEA-101 exam measures their understanding of content organization and documentation.</li> </ul>

## The Open Group TOGAF Enterprise Architecture Part 1 Exam Sample Questions (Q77-Q82):

### NEW QUESTION # 77

Refer to the table below:

Phase	Output & Outcome	Essential Knowledge
?	A set of work packages that address the set of gaps, with an indication of value produced and effort required, and dependencies between the work packages to reach the adjusted target.	Dependency between the set of changes. (Work Package & Gap dependency) Value, effort, and risk associated with each change and work package. How stakeholder priority and preference adjust in response to value, effort, and risk of change.

Which ADM Phase(s) does this describe?

- A. Phase B, C and D
- B. Phase A
- C. Phase F
- D. Phase E

**Answer: C**

### NEW QUESTION # 78

Complete the sentence. The purpose of creating a set of Architecture Principles is to

- A. enable an understanding of the culture and values of the enterprise
- B. agree a contract between sponsoring organization and the architects
- C. establish a common understanding of how to control the business in pursuit of strategic goals
- D. document likely impacts

**Answer: C**

Explanation:

In TOGAF, Architecture Principles are created to provide a clear and stable foundation for architecture work across the enterprise. Their purpose is to guide decision-making and establish a shared understanding of the rules and boundaries within which architecture and business change should take place. The best answer is A because Architecture Principles are intended to create a common basis for governance and direction, ensuring that architecture supports the control and evolution of the enterprise in line with its strategic goals.

Option B is incorrect because documenting likely impacts belongs more appropriately to the Implications section of an individual principle, not to the overall purpose of creating a set of principles. Option C is also incorrect because while principles may reflect aspects of enterprise culture and values, that is not their main purpose. Option D refers more closely to an Architecture Contract, which is a formal agreement between sponsors and architects or implementation organizations.

A defined set of principles helps ensure consistency, improves governance, supports compliance, and aligns architecture decisions with business direction. In this way, principles act as a decision framework for the enterprise. Therefore, the correct completion of the sentence is establish a common understanding of how to control the business in pursuit of strategic goals.

### NEW QUESTION # 79

In the ADM, what is the name for documents that are not finished and not approved?

- A. version 0.1
- **B. draft**
- C. interim
- D. incomplete

**Answer: B**

Explanation:

\* In TOGAF, draft deliverables are those that are not yet finished or approved. They are work-in-progress versions that may have version numbers like 0.1, 0.5, or 0.9.

\* Once reviewed and approved, they become final deliverables.

Reference: TOGAF Standard, Version 9.2, Deliverables, Artifacts, and Building Blocks.

### NEW QUESTION # 80

Which statement about Requirements Management is most correct?

- A. Requirements Management is a step of all ADM Phases
- **B. Requirements Management and stakeholder engagement are placed at the center of architecture development**
- C. The purpose of Requirements Management is to process change requests
- D. Stakeholder requirements are captured once in Phase A and managed throughout the ADM cycle

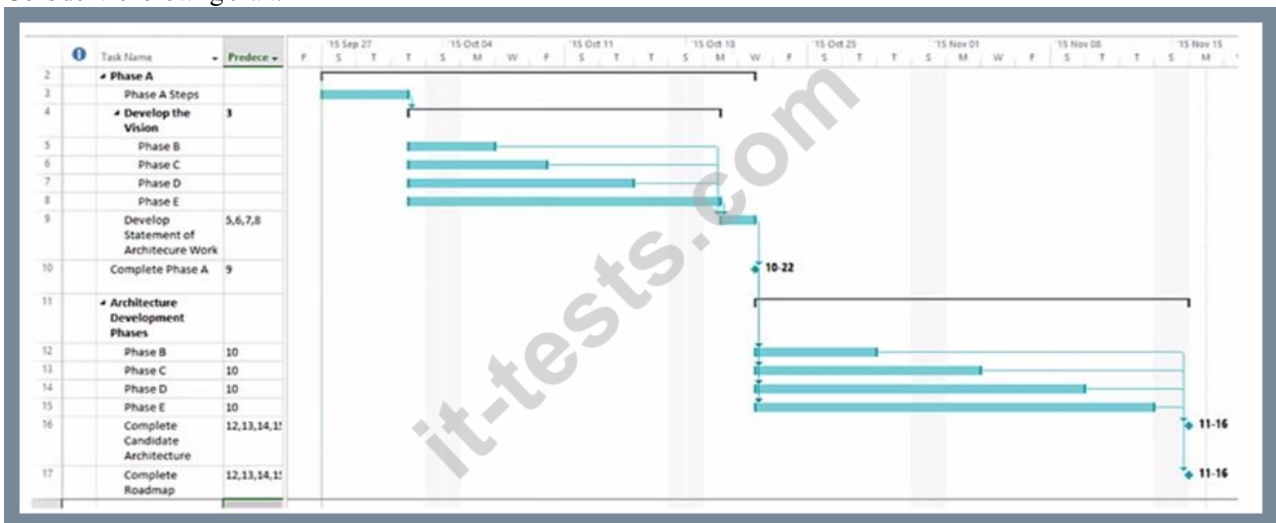

**Answer: B**

Explanation:

This statement about Requirements Management is most correct because it reflects the central role of Requirements Management and stakeholder engagement in the ADM cycle. Requirements Management is not a step of all ADM Phases, but rather an ongoing process that ensures that all relevant requirements are elicited, analyzed, prioritized, and addressed throughout the architecture development and transition. Stakeholder engagement is also a continuous activity that involves identifying, communicating, and managing stakeholder expectations and concerns. Reference: The TOGAF Standard | The Open Group Website, Section 3.1 Introduction to the ADM.

### NEW QUESTION # 81

Consider the following chart:

Which important concept for Enterprise Architecture Practitioners does it illustrate?

- **A. ADM phases must be run in a sequenced approach to produce the Architecture.**
- B. Enterprise Architects must use Gantt charts to communicate with Stakeholders.
- C. ADM phases must be run simultaneously until the relevant information has been produced.
- D. An Enterprise Architecture must be developed in phases with a limited fixed duration.

**Answer: A**

**Explanation:**

The chart shown is a Gantt chart, which is commonly used for project management to illustrate a project schedule. In the context of TOGAF (The Open Group Architecture Framework), which is a framework for enterprise architecture, this Gantt chart is demonstrating the sequenced approach to the Architecture Development Method (ADM). The ADM is the core process of TOGAF which provides a tested and repeatable process for developing architectures. The ADM is described as being iterative, over the whole process, between phases, and within phases. For each iteration of the ADM, a fresh decision must be taken about each of the parameters (scope, granularity, time period, and architecture assets).

The ADM consists of a number of phases that have to be followed in sequence:

- \* Preliminary Phase: Framework and principles
- \* Phase A: Architecture Vision
- \* Phase B: Business Architecture
- \* Phase C: Information Systems Architectures, including Data and Application Architectures
- \* Phase D: Technology Architecture
- \* Phase E: Opportunities and Solutions
- \* Phase F: Migration Planning
- \* Phase G: Implementation Governance
- \* Phase H: Architecture Change Management
- \* Requirements Management

Each phase is dependent on the outputs of the previous phase and the Requirements Management phase runs throughout. The Gantt chart clearly shows the dependency and sequence in which these phases occur, implying that a structured approach is followed to produce the enterprise architecture.

**Reference:**

- \* The TOGAF Standard, Version 9.2, a standard of The Open Group
- \* The TOGAF documentation available at <https://publications.opengroup.org/standards/architecture> and <https://publications.opengroup.org/guides/architecture>

**NEW QUESTION # 82**

.....

Our OGEA-101 guide questions enjoy a very high reputation worldwide. This is not only because our OGEA-101 practical materials are affordable, but more importantly, our OGEA-101 useful test files are carefully crafted after years of hard work and the quality is trustworthy. If you are still anxious about getting a certificate, why not try our OGEA-101 Study Guide? If you have any questions about our OGEA-101 practical materials, you can ask our staff who will give you help. And we offer considerable services on the OGEA-101 exam questions for 24/7.
