SAP C-HRHPC-2505 Prüfungsplan:

Thema	Einzelheiten
Thema 1	<ul style="list-style-type: none"> Provisioning Settings for Employee Central Payroll: This section of the exam measures the skills of integration analysts and covers the provisioning-level configurations required to enable Employee Central Payroll functionality. It includes system setup tasks that must be completed during the initial implementation to ensure the system is payroll-ready.
Thema 2	<ul style="list-style-type: none"> Payroll Control Center Tools: This section of the exam measures the skills of payroll implementation consultants and covers the tools and utilities provided within the Payroll Control Center. It includes the use of diagnostic tools and monitors to ensure that payroll processes are running smoothly and errors are addressed proactively.
Thema 3	<ul style="list-style-type: none"> Point-to-Point Integration (Employee Central, Employee Central Configuration)
Thema 4	<ul style="list-style-type: none"> Integration Employee Central Payroll and SAP Financials: This section of the exam measures the skills of integration analysts and covers the configuration and data mapping required for connecting payroll data from Employee Central Payroll to SAP Financials. It addresses how payroll-related cost and liability data flow into the financial system.
Thema 5	<ul style="list-style-type: none"> Point-to-Point Integration (Employee Central, Employee Central Time Off): This section of the exam measures the skills of integration analysts and covers the synchronization between Employee Central Time Off and payroll systems through direct integration. It focuses on how leave and absence data are transferred and calculated accurately in payroll.
Thema 6	<ul style="list-style-type: none"> Payroll Control Center Configuration: This section of the exam measures the skills of payroll implementation consultants and covers the full range of configuration tasks required to enable and customise the Payroll Control Center. It addresses setting up validation rules, alerts, checks, and user interfaces that help streamline payroll management.
Thema 7	<ul style="list-style-type: none"> Authorizations In Payroll Control Center: This section of the exam measures the skills of integration analysts and covers how to set up and manage user permissions and access control within the Payroll Control Center. It ensures proper role-based access is maintained to secure payroll data and processes.
Thema 8	<ul style="list-style-type: none"> Payroll Process using Payroll Control Center: This section of the exam measures the skills of payroll implementation consultants and covers how to use the Payroll Control Center to perform payroll runs, monitor process progress, and validate results. It focuses on enabling smooth and efficient payroll execution using standard control center functions.
