Slack-Admn-201 Questions Pdf | Current Slack-Admn-201 Exam Content

It requires a comprehensive understanding of the required skills and test topics. To help candidates pass the Slack-Admn-201 exam, BraindumpsIT has hired qualified experts to compile such Salesforce Slack-Admn-201 Exam Dumps that will be essential for your successful preparation in a short time. Our experts have designed such Salesforce Certified Slack Administrator (Slack-Admn-201) practice test material that eliminates your chances of failing the Salesforce Certified Slack Administrator (Slack-Admn-201) exam.

Salesforce Certified Slack Administrator Sample Questions (Q95-Q100):

NEW QUESTION # 95

You're the Primary Org Owner for your university's Slack Enterprise Grid. You're responsible for launching Slack to first-year students and faculty members.

What is the most efficient way to set up students as full members and faculty members as Workspace Admins?

(Select the best answer.)

- A. Use "Just-in-time" provisioning to allow students and faculty members to create an account upon first login, eliminating the time and effort with onboarding new accounts. Then, promote each faculty member to Workspace Admin.
- B. Use SCIM provisioning to create accounts for students and faculty members. Then, update their profile fields to reflect their title by syncing with the SCIM API.
- C. Use either "Just-in-time" or SCIM provisioning to invite students and faculty members to Slack. Then, create a user group of faculty members and promote that user group in bulk to Workspace Admins.
- **D. Use SCIM provisioning to create accounts for students and faculty members, and create an identity provider (IdP) group for all faculty members. Then, promote the members of the IdP group in bulk to Workspace Admins.**

Answer: D

Explanation:

Slack recommends:

"Using SCIM provisioning combined with IdP group mapping allows organizations to efficiently manage large groups of users and assign roles based on IdP groups." This way, you automate role assignment (faculty as Workspace Admins) while onboarding users. Options A and D don't promote users automatically. Option C is less efficient compared to pre-provisioning via SCIM and group mapping.

(Reference: Slack Administration Study Guide - SCIM Provisioning and IdP Group Mapping)

-

NEW QUESTION # 96

During a re-org within your organization, the IT department is renamed to Business Technology (BT). Many channels will need to change their prefixes from #it- to #bt-.

The original channel creators are no longer at the organization.

What is the most efficient strategy to ensure the channel prefixes are updated?

- A. Use your preference menu to create an automatic keyword notification for IT and BT.
- B. Promote members leading the IT to BT department name change initiative to the Channel Manager role in the key channels.
- C. Join all public IT channels and request access to private channels in order to update the channel settings.
- **D. Write a script using the channels API to rename all channels with "#it-" to "#bt-" in bulk.**

Answer: D

Explanation:

Slack API best practices specify:

"The channels.rename method within the Slack API allows admins to programmatically rename channels, making bulk updates efficient and standardized." Manually managing through Channel Manager roles (B) or joining channels (D) is slow and error-prone. Keyword notifications (A) don't rename channels.

(Reference: Slack Administration Study Guide - Managing Channels and Using APIs)

NEW QUESTION # 97

Your organization is on the Slack Enterprise Grid plan.

What are three benefits of syncing identity provider (IdP) groups?

(Select the THREE best answers.)

- A. Automatically assigns approved apps to certain groups within your org.
- **B. Automatically adds or removes members of an IdP group to workspaces within your org.**
- **C. Makes membership for certain channels required to ensure that all members of an IdP group remain members of a channel.**
- **D. Makes membership for certain workspaces required to ensure that all members of an IdP group remain members of a workspace.**
- E. Automatically assigns admin roles.
- F. Automatically assigns system roles.

Answer: B,C,D

Explanation:

Slack's Enterprise Grid documentation clearly states:

"Syncing IdP groups with Slack allows you to automatically manage workspace membership, channel membership, and access control based on IdP group assignments." Key benefits include:

- * Automatically provisioning and deprovisioning members to specific workspaces (A).
- * Maintaining mandatory membership in designated channels (B).
- * Maintaining mandatory membership in designated workspaces (C).

Assigning system roles, approved apps, or admin roles (D, E, F) is not automatically handled through IdP group syncing.

(Reference: Slack Administration Study Guide - Identity and Access Management)

NEW QUESTION # 98

You're a Workspace Owner and you just launched Slack across your entire organization. You notice that most communication is happening in DMs instead of public channels. Which two actions should you take to promote the usage of channels? (Select the TWO best answers.)

- A. Turn off the ability for users to create channels, so they can collaborate only in the existing channels.
- B. Create default channels, so that employees have more options in the channels they can use for collaboration.
- C. Ask your Slack Champions to model the behavior, and encourage others to post in channels.
- D. Publish a Slack Etiquette guide that includes a rule of defaulting to using channels.
- E. Send a company-wide email asking members to use Slack channels for collaboration.

Answer: C,D

Explanation:

Slack best practices for culture change recommend:

"Publishing a Slack Etiquette guide that promotes channel-first communication and encouraging Slack Champions to model this behavior help shift cultural habits effectively." Simply emailing (C) is passive and less effective. Turning off channel creation (A) stifles collaboration.

Default channels (E) help onboarding, but not necessarily behavior change after adoption.

(Reference: Slack Administration Study Guide - Change Management Best Practices)

-

NEW QUESTION # 99

Tam Corp sells 15 versions of their software to customers around the world. They have a global team (e.g., sales, engineering, support, and human resources) of 500 employees.

Tam Corp is moving to the Enterprise Grid plan from two workspaces on the Plus plan. On their current Plus plan, they organize one workspace by team (e.g., #sales-team, #engineering-team, and #support-team), and the other workspace is primarily for recruiting discussions and the leadership team.

Leadership does not want the move from Plus to Grid to significantly impact how teams are communicating today.

When considering how to structure the Enterprise Grid, what is the structure that aligns with leadership and allows the teams to communicate most effectively?

- A. Create one workspace, where each product line sold has its own channel.
- B. Create workspaces for each product line sold, where each workspace is the "primary" workspace for the employee.
- C. Create workspaces based on how information is shared, and where employees have one "primary" workspace where they spend 80% of their time.
- D. Create workspaces for each department and sub-department in the company.

Answer: C

Explanation:

In Enterprise Grid, Slack recommends that:

"Workspaces should be structured to group people based on how information is shared, and each employee should ideally have one primary workspace where they spend about 80% of their time." This minimizes disruption, maintains the current collaboration patterns, and keeps cross-functional communication effective.

(Reference: Slack Administration Study Guide - Enterprise Grid Design Strategies)

NEW QUESTION # 100

.....

More and more people choose Salesforce Slack-Admn-201 exam. Because of its popularity, you can use the BraindumpsIT Salesforce Slack-Admn-201 exam questions and answers to pass the exam. This will bring you great convenience and comfort. This is a practice test website. It is available on the Internet with the exam questions and answers, as we all know, BraindumpsIT is the professional website which provide Salesforce Slack-Admn-201 Exam Questions And Answers.
