New Accurate FCSS_SASE_AD-25 Prep Material Free PDF | Professional FCSS_SASE_AD-25 Valid Test Blueprint: FCSS - FortiSASE 25 Administrator

Up to 1 year of free updates of Fortinet FCSS_SASE_AD-25 exam questions are also available at RealExamFree. To test the features of our product before buying, you may also try a free demo. It is not difficult to clear the FCSS_SASE_AD-25 certification exam if you have actual exam questions of at your disposal. Why then wait? Visit and download Fortinet FCSS_SASE_AD-25 updated exam questions right away to start the process of cracking your test in one go.

Fortinet FCSS - FortiSASE 25 Administrator Sample Questions (Q53-Q58):

NEW QUESTION # 53

An organization must block user attempts to log in to non-company resources while using Microsoft Office 365 to prevent users from accessing unapproved cloud resources.

Which FortiSASE feature can you implement to achieve this requirement?

- A. SSL deep inspection
- B. Data loss prevention (DLP)
- C. Application Control with Inline-CASB
- D. Web Filter with Inline-CASB

Answer: D

Explanation:

To block user attempts to log in to non-company resources while using Microsoft Office 365, the Web Filter with Inline-CASB feature in FortiSASE is the most appropriate solution. Inline-CASB (Cloud Access Security Broker) provides real-time visibility and control over cloud application usage. When combined with Web Filtering, it can enforce policies to restrict access to unauthorized or non-company resources within sanctioned applications like Microsoft Office 365. This ensures that users cannot access unapproved cloud resources while still allowing legitimate use of Office 365.

Here's why the other options are incorrect:

B . SSL deep inspection: While SSL deep inspection is useful for decrypting and inspecting encrypted traffic, it does not specifically address the need to block access to non-company resources within Office 365. It focuses on securing traffic rather than enforcing application-specific policies.

C . Data loss prevention (DLP): DLP is designed to prevent sensitive data from being leaked or exfiltrated. While it is a valuable security feature, it does not directly block access to non-company resources within Office 365.

D . Application Control with Inline-CASB: Application Control focuses on managing access to specific applications rather than enforcing granular policies within an application like Office 365. Web Filter with Inline-CASB is better suited for this use case.

NEW QUESTION # 54

How can FortiView be utilized to enhance security posture within an organization?

- A. By broadcasting system updates
- B. By tracking the physical locations of network devices
- C. By providing detailed insights into application usage
- D. By displaying ads relevant to the IT department

Answer: C

NEW QUESTION # 55

How does FortiSASE hide user information when viewing and analyzing logs?

- A. By masking log data
- B. By hashing log data
- C. By tokenization in log data
- D. By compressing log data

Answer: B

Explanation:

FortiSASE hides user information in logs by using hashing, which anonymizes sensitive data such as usernames or IP addresses while still allowing for consistent tracking and analysis.

NEW QUESTION # 56

Which feature should be prioritized when configuring dashboards in FortiSASE for monitoring network traffic?

- A. Comparative analysis of past and present data
- B. Historical bandwidth usage
- C. Real-time traffic flow
- D. User access logs

Answer: C

NEW QUESTION # 57

What are two advantages of using zero-trust tags? (Choose two.)

- A. Zero-trust tags can help monitor endpoint system resource usage.
- B. Zero-trust tags can be assigned to endpoint profiles based on user groups.

- C. Zero-trust tags can be used to allow or deny access to network resources.
- D. Zero-trust tags can determine the security posture of an endpoint.

Answer: C,D

Explanation:

Zero-trust tags assess endpoint compliance based on defined posture rules and are used in access policies to control whether a device is permitted or denied access to specific network resources.

NEW QUESTION # 58

.....

Our FCSS_SASE_AD-25 guide questions boost many advantages and varied functions. You can have a free download and tryout of our product before the purchase and our purchase procedures are safe. Our software carries no viruses and we provide 3 versions for you to choose. You need little time to learn the FCSS_SASE_AD-25 Exam Torrent and prepare the exam. Our passing rate and the hit rate is very high. After you pass the exam you will gain a lot of benefits such as enter in the big company and double your wage.
