

FCSS_SASE_AD-25 New Question, FCSS_SASE_AD-25 Best Vce

What's more, part of that Exam-Killer FCSS_SASE_AD-25 dumps now are free: <https://drive.google.com/open?id=1rfG6OH5kCTsd1n9iSpIW3NHUbVzndcUX>

Sometimes hesitating will lead to missing a lot of opportunities. If you think a lot of our FCSS_SASE_AD-25 exam dumps PDF, you should not hesitate again. Too much hesitating will just waste a lot of time. Our FCSS_SASE_AD-25 exam dumps PDF can help you prepare casually and pass exam easily. If you make the best use of your time and obtain a useful certification you may get a senior position ahead of others. Chance favors the prepared mind. Exam-Killer provide the best FCSS_SASE_AD-25 Exam Dumps Pdf materials in this field which is helpful for you.

Fortinet FCSS_SASE_AD-25 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"> • SASE Architecture and Components: This section of the exam measures the skills of Network Engineers and introduces the fundamentals of SASE within enterprise environments. Candidates are expected to understand the SASE architecture, identify FortiSASE components, and build deployment cases for real-world scenarios. The content emphasizes how SASE can be integrated into a hybrid network, showcasing secure design principles and the use of FortiSASE capabilities to support business and security objectives.
Topic 2	<ul style="list-style-type: none"> • Advanced FortiSASE Solutions: This section of the exam measures the expertise of Solution Architects and validates the ability to work with advanced FortiSASE features. It covers deployment of SD-WAN using FortiSASE, implementation of Zero Trust Network Access (ZTNA), and the overall role of FortiSASE in optimizing enterprise connectivity. The section highlights how these advanced solutions improve flexibility, enforce zero-trust principles, and extend security controls across distributed networks and cloud systems.
Topic 3	<ul style="list-style-type: none"> • SASE Deployment: This section of the exam measures the knowledge of Implementation Consultants and focuses on the practical aspects of deploying FortiSASE. Candidates will explore user onboarding methods, configuration of administration settings, and the application of security posture checks with compliance rules. The exam also includes key functions such as SIA, SSA, and SPA, alongside the design of security profiles that perform effective content inspection. By combining these tasks, learners demonstrate readiness to roll out secure and scalable deployments.
Topic 4	<ul style="list-style-type: none"> • Analytics and Monitoring: This section of the exam measures the skills of Security Analysts and emphasizes the monitoring and reporting aspects of FortiSASE. Candidates are expected to configure dashboards, logging settings, and analyze reports for user traffic and security issues. Additionally, they must use FortiSASE logs to identify potential threats and provide insights into incidents or abnormal behavior. The focus is on leveraging analytics for operational visibility and strengthening the organization's security posture.

FCSS_SASE_AD-25 Best Vce - Valid Braindumps FCSS_SASE_AD-25 Book

If you buy our FCSS_SASE_AD-25 training quiz, you will find three different versions are available on our test platform. According to your need, you can choose the suitable version of our FCSS_SASE_AD-25 exam questions for you. The three different versions of our FCSS_SASE_AD-25 Study Materials include the PDF version, the software version and the online version. We can promise that the three different versions are equipped with the high quality for you to pass the exam.

Fortinet FCSS - FortiSASE 25 Administrator Sample Questions (Q43-Q48):

NEW QUESTION # 43

Refer to the exhibits.

WiMO-Pro and Win7-Pro are endpoints from the same remote location. WiMO-Pro can access the internet through FortiSASE, while Win7-Pro can no longer access the internet. Given the exhibits, which reason explains the outage on Win7-Pro?

- A. The Win7-Pro device posture has changed.
- B. Win7-Pro cannot reach the FortiSASE SSL VPN gateway
- C. The Win7-Pro FortiClient version does not match the FortiSASE endpoint requirement.
- D. Win-7 Pro has exceeded the total vulnerability detected threshold.

Answer: D

Explanation:

Based on the provided exhibits, the reason why the Win7-Pro endpoint can no longer access the internet through FortiSASE is due to exceeding the total vulnerability detected threshold. This threshold is used to determine if a device is compliant with the security requirements to access the network.

Endpoint Compliance:

FortiSASE monitors endpoint compliance by assessing various security parameters, including the number of vulnerabilities detected on the device.

The compliance status is indicated by the ZTNA tags and the vulnerabilities detected.

Vulnerability Threshold:

The exhibit shows that Win7-Pro has 176 vulnerabilities detected, whereas Win10-Pro has 140 vulnerabilities.

If the endpoint exceeds a predefined vulnerability threshold, it may be restricted from accessing the network to ensure overall network security.

Impact on Network Access:

Since Win7-Pro has exceeded the vulnerability threshold, it is marked as non-compliant and subsequently loses internet access through FortiSASE.

The FortiSASE endpoint profile enforces this compliance check to prevent potentially vulnerable devices from accessing the internet.

FortiOS 7.2 Administration Guide: Provides information on endpoint compliance and vulnerability management.

FortiSASE 23.2 Documentation: Explains how vulnerability thresholds are used to determine endpoint compliance and access control.

NEW QUESTION # 44

Refer to the exhibit.

Based on the configuration shown, in which two ways will FortiSASE process sessions that require FortiSandbox inspection? (Choose two.)

- A. FortiClient quarantines only infected files that FortiSandbox detects as medium level.
- B. Only endpoints assigned a profile for sandbox detection will be processed by the sandbox feature.
- C. All files executed on a USB drive will be sent to FortiSandbox for analysis.
- D. All files will be sent to a on-premises FortiSandbox for inspection.

Answer: B,C

Explanation:

The sandbox feature applies only to endpoints assigned this profile, and the configuration explicitly enables the submission of all files executed from removable media (like USB drives) to FortiSandbox for analysis.

NEW QUESTION # 45

Refer to the exhibits.

Jumpbox and Windows-AD are endpoints from the same remote location. Jumpbox can access the internet through FortiSASE, while Windows-AD can no longer access the internet.

Based on the information in the exhibits, which reason explains the outage on Windows-AD?

- A. Windows-AD is excluded from FortiSASE management.
- B. The remote VPN user on Windows-AD no longer matches any VPN policy.
- C. The device posture for Windows-AD has changed.
- D. The FortiClient version installed on Windows AD does not match the expected version on FortiSASE.

Answer: C

Explanation:

The Windows-AD endpoint now has both "FortiSASE-Compliant" and "FortiSASE-Non-Compliant" tags due to failing the antivirus software check. As a result, the Secure Internet Access Policy matches the "Non-Compliant" rule, which is set to Deny, causing the device to lose internet access.

NEW QUESTION # 46

Which two additional components does FortiSASE use for application control to act as an inline-CASB? (Choose two.)

- A. SSL deep inspection
- B. Web filter with inline-CASB
- C. intrusion prevention system (IPS)
- D. DNS filter

Answer: A,C

NEW QUESTION # 47

What happens to the logs on FortiSASE that are older than the configured log retention period?

- A. The logs are indexed and can be stored in a SQL database.
- B. The logs are compressed and archived.
- C. The logs are deleted from FortiSASE.
- D. The logs are backed up on FortiCloud.

Answer: C

Explanation:

Once the configured log retention period expires, FortiSASE automatically deletes the older logs to free up storage and maintain compliance with retention policies.

NEW QUESTION # 48

.....

We assure you that we are focused on providing you with guidance about our FCSS_SASE_AD-25 exam question, but all services are free. If you encounter installation problems, we will have professionals to provide you with remote assistance. Of course, we will humbly accept your opinions on our FCSS_SASE_AD-25 Quiz guide. If you have good suggestions to make better use of our FCSS_SASE_AD-25 test prep, we will accept your proposal and make improvements. Each of your progress is our driving force. We sincerely serve for you any time.
