- D. Personas

Answer: B

Explanation:

Delegation poker is a collaborative game used to define and clarify decision-making authority within teams. It helps teams agree on who has the power to make decisions for specific areas, from the team level to senior management. Using cards representing different levels of delegation, team members discuss and align expectations, ensuring clarity and reducing conflicts.

This technique fosters transparency, shared ownership, and empowerment, which are critical for agile teams operating under PRINCE2 governance. It also helps balance autonomy and control, supporting the principle of manage by exception.
