CompTIA FC0-U71 Test Papers - FC0-U71 Actual Test Answers

PassTorrent has launched the FC0-U71 exam dumps with the collaboration of world-renowned professionals. CompTIA FC0-U71 exam study material has three formats: FC0-U71 PDF Questions, desktop CompTIA FC0-U71 practice test software, and a FC0-U71 web-based practice exam.

CompTIA FC0-U71 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none">• Applications and Software: This section of the exam measures the skills of Entry-Level Technical Analysts and covers commonly used software applications and their purposes. It involves understanding operating systems, mobile and desktop software, and the basics of software installation and configuration. This domain also touches on licensing and application support tools.
Topic 2	<ul style="list-style-type: none">• Security: This section of the exam measures skills of Cybersecurity Support Interns and covers essential cybersecurity principles, including confidentiality, data protection, user authentication, and malware threats. It also includes awareness of social engineering, encryption, and common best practices for device and network security.
Topic 3	<ul style="list-style-type: none">• Software Development Concepts: This section of the exam measures the skills of Junior Software Developers and introduces foundational knowledge of programming logic, data structures, and the software development life cycle. It includes awareness of coding concepts, algorithm basics, and scripting used in automated and task-based environments.

Topic 4	<ul style="list-style-type: none"> • Data and Database Fundamentals: This section of the exam measures the skills of Entry-Level Data Assistants and covers data management principles, types of data, and basic database structures. It includes an understanding of database types, simple queries, data integrity, and the importance of data in decision-making and business operations.
Topic 5	<ul style="list-style-type: none"> • IT Concepts and Terminology: This section of the exam measures skills of aspiring IT Support Assistants and covers foundational knowledge such as types of computing devices, basic troubleshooting concepts, and understanding of common terminology. Candidates should grasp basic operational terms, roles of software and hardware, and be familiar with emerging tech like IoT and cloud computing.

CompTIA Tech+ Certification Exam Sample Questions (Q113-Q118):

NEW QUESTION # 113

Which of the following refers to a human-readable program?

- A. Branch
- B. Sequence
- C. Pseudocode
- D. Object-oriented

Answer: C

Explanation:

Pseudocode is a human-readable description of a program's logic, using plain language and structured formatting to outline steps without strict syntax.

Other options:

*Branch refers to decision points in code,

*Sequence refers to the order of operations,

*Object-oriented describes a programming paradigm.

NEW QUESTION # 114

Which of the following is used to create a repetitive process within code?

- A. Loop
- B. Comment
- C. Branch
- D. Integrate

Answer: A

Explanation:

A loop is a programming construct that repeats a set of instructions while a condition is true. This is used to automate repetitive tasks in code.

"Loops are used in programming to execute the same block of code multiple times under specific conditions." - CompTIA ITF+ Programming Concepts Correct answer: A

NEW QUESTION # 115

Which of the following could be a letter, number, or symbol?

- A. Boolean
- B. String
- C. Integer
- D. Char

Answer: D

Explanation:

A char (character) represents a single letter, number, or symbol. It differs from a string, which is a sequence of characters. "The char data type stores a single alphanumeric character or symbol." - CompTIA ITF+ Programming Fundamentals Correct answer: C

NEW QUESTION # 116

Which of the following hard drives has the largest capacity?

- A. 100GB
- **B. 2TB**
- C. 50KB
- D. 4,000MB

Answer: B

Explanation:

Capacity sizes from smallest to largest:

*50KB (kilobytes),

*4,000MB (megabytes = 4GB),

*100GB (gigabytes),

*2TB (terabytes) which is the largest.

NEW QUESTION # 117

Given the following data sequence:

1, 10, 2, 3, 4, 5, 6, 7, 8, 9

Which of the following data types are these values an example of?

- A. Boolean
- B. ASCII
- C. Float
- **D. String**

Answer: D

Explanation:

Although the values look numeric, the sequence "1, 10, 2..." suggests they are being treated as strings (text values), especially if they are not sorted numerically. In programming, strings are sequences of characters-even if those characters are digits.

"String data type is used to store alphanumeric characters, including numeric characters represented as text rather than numbers." - CompTIA ITF+ Data Concepts Correct answer: D

NEW QUESTION # 118

.....

Each format specializes in a specific study style and offers unique benefits, each of which is crucial to good CompTIA Tech+ Certification Exam (FC0-U71) exam preparation. The specs of each CompTIA FC0-U71 Exam Questions format are listed below, you may select any of them as per your requirements.
