Microsoft Dynamics 365 Field Service Functional Consultant Sample Questions (Q184-Q189):

NEW QUESTION # 184

You are configuring work orders for technicians to complete the onsite service.

When a work order is completed, the customer needs to receive an invoice for the labor charge time spent by the technician to complete the service.

Which option should the technician use to enter their time spent?

- A. Work Order Service Task Type
- B. Field Service Product Type as Non-Inventory
- C. Field Service Product Type as Service
- D. Work Order Incident Type

Answer: A

NEW QUESTION # 185

You are working on a Dynamics 365 Field Service project at Contoso Manufacturing.

The VP of Services is interested in setting up Connected Field Service to monitor key sensors to help extend asset life.

You need to ensure the asset correctly reads IoT information from Azure.
What needs to be set up on the asset?

- A. Azure IoT Hub Asset ID
- **B. Device ID**
- C. Asset Functional Location
- D. Asset Properties defined for Connected Field Service

Answer: B

NEW QUESTION # 186

LitWare has requirements for the ability to track technician time.

You need to set up a manual option to track the time against the work orders.

Which three actions should you perform in sequence? To answer, move the three a Arrange the three actions in the correct order.

The screenshot shows a Microsoft Dynamics 365 interface. On the left, under the heading "Actions", there is a list of five actions, each with a three-dot menu icon on the left:

- Access the work order, go to **Related Entities** and create time entry.
- Select work order, choose the duration, and select the status.
- Access the Field Service mobile app and select **Time Entry**.
- Create time entry.
- Select work order, choose the start time and end time, and select the status.

On the right, under the heading "Order", there is an empty list area. A large watermark "actualpdf.com" is visible across the center of the screenshot.

Answer:

Explanation:

The screenshot shows the same Microsoft Dynamics 365 interface as above. In this version, the first three actions in the "Actions" list are highlighted with a green dashed border:

- Access the work order, go to **Related Entities** and create time entry.
- Select work order, choose the duration, and select the status.
- Access the Field Service mobile app and select **Time Entry**.

These three actions have been moved to the "Order" list on the right, which now contains three items, each with a three-dot menu icon on the left:

- Access the Field Service mobile app and select **Time Entry**.
- Create time entry.
- Select work order, choose the start time and end time, and select the status.

The remaining two actions in the "Actions" list are now unhighlighted. A large watermark "actualpdf.com" is visible across the center of the screenshot.

Explanation:

A screenshot of a computer Description automatically generated

Actions
