### NEW QUESTION # 59

This question requires that you evaluate the underlined text to determine if it is correct.

An Azure service is available to all Azure customers when it is in public preview.

Instructions: Review the underlined text. If it makes the statement correct, select "No change is needed". If the statement is incorrect, select the answer choice that makes the statement correct.

- A. development
- B. an Enterprise Agreement (EA) subscription
- **C. No change is needed.**
- D. private preview

**Answer: C**

Explanation:

Public Preview means that the service is in public beta and can be tried out by anyone with an Azure subscription. Services in public preview are often offered at a discount price.

Public previews are excluded from SLAs and in some cases, no support is offered.

Incorrect Answers:

B: Services in private preview are available only to selected people who has signed up to the private preview program

C: Services in development are not available to the public.

D: Services provided under an Enterprise Agreement (EA) subscription are available only to the subscription owner.

### NEW QUESTION # 60

You need to be notified when Microsoft plans to perform maintenance that can affect the resources deployed to an Azure subscription.

What should you use?

- **A. Azure Service Health**
- B. Microsoft Trust Center
- C. Azure Advisor
- D. Azure Monitor

**Answer: A**

Explanation:

Explanation

Azure Service Health provides a personalized view of the health of the Azure services and regions you're using. This is the best place to look for service impacting communications about outages, planned maintenance activities, and other health advisories because the authenticated Service Health experience knows which services and resources you currently use.
