How long does a seller typically have to respond to an offer before the offer expires?

- A. 60 days
- B. 30 days
- **C. 90 days**
- D. 125 days

**Answer: C**

#### NEW QUESTION # 128

Which of the following is a method a real estate licensee uses to determine an appropriate listing price range?

- **A. Comparative market analysis**
- B. Appraisal
- C. Market process
- D. Proforma

**Answer: A**

Explanation:

Only licensed or certified appraisers may perform an appraisal for a fee in a federally related transaction.

A real estate licensee, however, may prepare a Comparative Market Analysis (CMA) or Broker Price Opinion (BPO) to help a seller decide on a listing price or a buyer to make an offer.

A CMA compares recent sales, active listings, and expired listings of similar properties to estimate a realistic price range.

This procedure is emphasized in the "Appraisal and Valuation" module as a permitted pricing tool for real estate professionals.

#### NEW QUESTION # 129

What are emblems considered to be?

- A. Real property
- **B. Personal property**
- C. A subsurface right
- D. Land

**Answer: B**

Explanation:

In the "Real Property and the Law" segment, the course distinguishes between real property (land, improvements, and appurtenances) and personal property (movable items not affixed to land). Emblements

-also called fructus industriales-are annually cultivated crops (e.g., corn, wheat, vegetables) produced through tenant labor and industry. These are treated as personal property belonging to the person who planted them, typically the tenant, even if the crops mature after the tenancy ends. By contrast, fructus naturales (e.g., trees, shrubs, perennial plants) are part of the land and therefore real property until severed.

### NEW QUESTION # 130

Joe and Emma Parsons begin informally working with their neighbor Kyle, who's a real estate licensee, to find a bigger house. The parties have not signed any agreements or discussed the arrangements. This is an example of \_\_\_\_\_ agency.

- A. Express
- B. Unspoken
- **C. Implied**
- D. Executory

**Answer: C**

Explanation:

The agency module explains that agency may be created by express agreement (written or verbal) or by implication through conduct. When parties act as if an agency relationship exists-for example, a licensee regularly advising and assisting buyers without a signed agreement-this can form implied agency. Because no express (written or oral) agreement exists in this scenario, the relationship described is implied agency, created by the parties' behavior and course of dealings.

- B. It's used to build new shopping malls.
- C. It's used to determine property tax increases.
- **D. It's used to fund essential services and public works.**

**Answer: D**

Explanation:
