- D. Customers are placed in all available customer journeys from the start to ensure that the system takes all actions into consideration.

答案: B

#### 問題 #70

U+ Bank has recently implemented Pega Customer Decision Hub. As a first step, the bank went live with the contact center to improve customer engagement. Now, U+ Bank wants to extend its customer engagement through the web channel. As a decisioning architect, you have created the new set of actions, the corresponding treatments, and defined a new trigger in the Next-Best-Action Designer for the new web channel.

What else do you configure for the new treatments to be present in the next-best-action recommendations?

- **A. No need to do anything. The strategy is auto-generated.**
- B. Change the generated decision strategy.
- C. Modify the Next-Best-Action Framework strategy to cater to the new web channel.
- D. Create a channel strategy specifically for web.

答案: A

解題說明:

When you create a new trigger in the Next-Best-Action Designer, Pega Customer Decision Hub automatically generates a decision strategy for that trigger and channel. You do not need to create or modify any strategies manually. Verified References: Pega
