群馬大学
GUNMA UNIVERSITY

Special Program on Intelligence and Control 2026

Program Overview

Gunma University invites outstanding applicants to join the Special Program on Intelligence and Control for Master's and Doctoral courses, starting October 2026.

This program offers hands-on research and education in artificial intelligence and control systems, aiming to develop professionals who contribute to industry and society.

Number of participants & Scholarship

Total 16 students:
4 doctoral and 4 master's with scholarships, plus 4 each without.

Course	Number of Students	Amount (Monthly)	Duration
Doctoral	4	¥145,000	3 years
Master's	4	¥144,000	2 years

Eligibility

Must enroll in Gunma University from October 2026

Language ability (must meet one of the following)

- English proficiency equivalent to CEFR B2 or higher
- Japanese proficiency equivalent to JLPT N2 or higher

Applicants (must meet one of the following)

Master's course

- Bachelor's degree (or expected by Sep 2026)
- Completed 16 years of education
- Equivalent academic background recognized by Gunma University

Doctoral course

- Master's or professional degree (or expected by Sep 2026)
- Equivalent academic ability recognized by Gunma University

Free

Item	Scholarship	Self-funded
Application fee	Covered by GU	¥30,000
Admission fee	Mostly exempt	¥282,000
Tuition fee	Mostly exempt	¥267,900
Travel	Funded	Paid by applicant

Selection Process

- Scan the QR codes to download documents
- Prepare and submit all required documents via email
- Online presentation interview in January
- Results announced late January 2026

Application Deadline:
January 16, 2026 (JST)

For starters and professionals Refractory Personnel play a significant role to verify skills, experience, and knowledge in a specific technology. Enrollment in the Refractory Personnel API-936 is open to everyone. Upon completion of Refractory Personnel API-936 Exam Questions' particular criteria. Participants in the API-936 Questions come from all over the world and receive the credentials for the Refractory Personnel API-936 Questions. They can quickly advance their careers in the fiercely competitive market and benefit from certification after earning the API-936 Questions badge. However, passing the Refractory Personnel API-936 is the primary concern.

API-936 certification is recognized globally in the oil and gas industry and is highly valued by employers. It demonstrates that the certified individual has a comprehensive understanding of refractory materials and their applications, as well as the ability to perform installation, testing, and inspection tasks competently. Certified individuals are better equipped to identify potential issues with refractory linings and implement appropriate corrective actions.

API-936 (Refractory Personnel) Certification Exam is an internationally recognized certification program designed for individuals who are involved in the installation, inspection, testing, and maintenance of refractory materials used in high-temperature environments. Refractory Personnel certification is offered by the American Petroleum Institute (API), which is a leading industry association that sets standards for the oil and gas industry. The API-936 Certification Exam tests the knowledge and skills of the individuals in the field of refractory materials and their application in various industrial processes.

To be eligible for the API-936 certification exam, individuals must have a minimum of two years of experience working with refractory materials. They must also have a high school diploma or equivalent and be able to demonstrate their knowledge of

refractory materials through a combination of training and experience.

API-936 Free Download & Free PDF 2026 API Refractory Personnel Realistic New Soft Simulations

We try our best to provide the most efficient and intuitive learning methods to the learners and help them learn efficiently. Our API-936 study materials provide the instances, simulation and diagrams to the clients so as to they can understand them intuitively. Based on the consideration that there are some hard-to-understand contents we insert the instances to our API-936 Study Materials to concretely demonstrate the knowledge points and the diagrams to let the clients understand the inner relationship and structure of the knowledge points.

API Refractory Personnel Sample Questions (Q48-Q53):

NEW QUESTION # 48

Spalling of layers from the hot surface of a refractory lining is called

- A. Erosion
- B. Sheeting
- C. Spalling
- D. Crumbling

Answer: C

NEW QUESTION # 49

In ceramics, the property of resistance to melting, softening, or deformation at high temperature is called.

- A. Refractoriness
- B. None of the above
- C. Cold crushing strength
- D. Pyrometric cone equivalent

Answer: A

NEW QUESTION # 50

Which of the following is a valid acceptance criterion for cold crushing strength of castable used in erosive service?

- A. All individual values must exceed 75% of the manufacturer's minimum published CCS.
- B. CCS test values must average within $\pm 10\%$ of the manufacturer's mean value.
- C. CCS must be no less than 80% of the manufacturer's advertised maximum.
- D. The lowest result must exceed 90% of ASTM C401 average for gunned materials.

Answer: A

Explanation:

API Std 936 defines the acceptance criteria for CCS under erosive service in Section 6.4.2:

"Test values for cold crushing strength shall meet or exceed 75% of the manufacturer's minimum published value for each individual specimen."

- API Std 936, Section 6.4.2

This criterion ensures that all tested samples meet a critical durability threshold before field acceptance.

NEW QUESTION # 51

Blanket, Module, Bulk paper, rope, and vacuum formed shaped are:

- A. Refractory fibers

- B. Unshaped refractory
- C. Shaped refractory
- D. All of the above

Answer: A

NEW QUESTION # 52

Refractories containing a substantial amount of silica which is reactive with basic refractories, basic slags, or basic fluxes at high temperatures are known as

- A. None of the above
- B. Basic refractories
- C. Natural refecatories
- D. Acid refractories

Answer: D

NEW QUESTION # 53

.....

Our API-936 prep torrent boosts the highest standards of technical accuracy and only use certificated subject matter and experts. We provide the latest and accurate Refractory Personnel exam torrent to the client and the questions and the answers we provide are based on the real exam. But you buy our API-936 prep torrent you can mainly spend your time energy and time on your job, the learning or family lives and spare little time every day to learn our Refractory Personnel exam torrent. Our answers and questions are compiled elaborately and easy to be mastered. Because our API-936 Test Braindumps are highly efficient and the passing rate is very high you can pass the exam fluently and easily with little time and energy needed.
