## Salesforce Salesforce-Slack-Administrator Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"><li>• App Administration: This section evaluates the skills of Slack Administrators in managing applications within Slack. Candidates will summarize the value of interoperability for both decision-makers and end-users while learning to use Workflow Builder for automating tasks.</li></ul>
Topic 2	<ul style="list-style-type: none"><li>• Security: This domain targets Salesforce Security specialists in identifying Slack product security features that meet organizational needs. Candidates will describe how Slack addresses security governance, risk management, and compliance while recommending features that protect sensitive data.</li></ul>
Topic 3	<ul style="list-style-type: none"><li>• Enabling Slack Success: This section focuses on the skills of Admins to develop a vision for Slack within their organization. Candidates will use analytics dashboards to track usage and make recommendations based on data insights, such as channel archival or promoting best practices.</li></ul>
Topic 4	<ul style="list-style-type: none"><li>• User Lifecycle Management: This area focuses on managing user accounts throughout their lifecycle in Slack. Candidates will implement authentication options based on organizational requirements and recommend processes for new account creation.</li></ul>

The first time you use Salesforce-Slack-Administrator test preps on the Internet, you can use it offline next time. Salesforce-Slack-Administrator learn torrent does not need to be used in a Wi-Fi environment, and it will not consume your traffic costs. You can practice with Salesforce-Slack-Administrator Quiz torrent at anytime, anywhere. On the other hand, the online version has a timed and simulated exam function.

## Salesforce Certified Slack Administrator Sample Questions (Q104-Q109):

### NEW QUESTION # 104

Your organization would like to maintain their Bring Your Own Device (BYOD) policy on Slack's Enterprise Grid plan and have not yet decided on an Enterprise Mobility Management (EMM) provider.

Which two features are included in Slack's native mobile controls on the Enterprise Grid?

(Select the TWO best answers.)

- A. Jailbreak or root detection for mobile devices.
- B. Identity provider (IdP) group management for mobile devices.
- C. Block file downloads and copying on mobile devices.
- D. Remotely erase data in the case of stolen mobile devices.
- E. Domain allow list to limit mobile access to corporate workspaces only.

**Answer: C,E**

Explanation:

Slack native mobile security features include:

"Admins can block file downloads and copying on mobile and use domain restrictions (domain allow list) to ensure only managed accounts access corporate Slack workspaces." Remote wipe (C) requires Mobile Device Management (MDM), not native Slack. IdP management (D) is not mobile-specific. Jailbreak detection (E) is not a native Slack feature.

(Reference: Slack Administration Study Guide - Slack Native Mobile Security Features)

-

### NEW QUESTION # 105

A finance team wants to nominate a team member to be a Slack Workspace Admin.

Which team member's prior experience would make them the optimal candidate for this role?

(Select the best answer)

- A. The candidate has experience creating custom integrations to improve the onboarding process for the company's new hires.
- B. The candidate encourages Slack etiquette in channels and frequently answers slack-related questions from colleagues. They provide feedback to the current Workspace Admins on Slack settings and policies at the company.
- C. The candidate worked closely with the finance team to set up and request Slack Connect channels with external partners. They also helped design the process for approving Slack Connect channel requests at the company
- D. The candidate relies on Slack in their day to day role and frequently asks the IT team questions about Slack features.

**Answer: C**

### NEW QUESTION # 106

You're a Workspace Owner and you just launched Slack across your entire organization.

You notice that most communication is happening in DMs instead of public channels.

Which two actions should you take to promote the usage of channels?

(Select the TWO best answers.)

- A. Ask your Slack Champions to model the behavior, and encourage others to post in channels.
- B. Publish a Slack Etiquette guide that includes a rule of defaulting to using channels.
- C. Create default channels, so that employees have more options in the channels they can use for collaboration.
- D. Turn off the ability for users to create channels, so they can collaborate only in the existing channels.
- E. Send a company-wide email asking members to use Slack channels for collaboration.

**Answer: A,B**

Explanation:

Slack best practices for culture change recommend:

"Publishing a Slack Etiquette guide that promotes channel-first communication and encouraging Slack Champions to model this behavior help shift cultural habits effectively." Simply emailing (C) is passive and less effective. Turning off channel creation (A) stifles collaboration.

Default channels (E) help onboarding, but not necessarily behavior change after adoption.

### NEW QUESTION # 107

Large Inc.'s HR Director wants to streamline sharing HR policy information and handling sensitive questions from hiring managers. HR has its own workspace.

How should you advise the HR Director to use Slack for this use case?

(Select the best answer.)

- A. Create an org-wide public channel for recruiting and hiring, and add all hiring managers in the organization.
- B. Create a public channel in the HR workspace, and add all hiring managers in the organization.
- C. Create an org-wide private channel for recruiting and hiring, and add all hiring managers in the organization.
- **D. Create a private channel in the HR workspace, and add all hiring managers in the organization.**

**Answer: D**

Explanation:

Slack recommends for sensitive HR communication:

"Use a private channel to manage sensitive communications, like hiring and recruiting questions, especially when HR policies and individual discussions are involved." A public channel (A, D) risks sensitive information exposure. Org-wide channels (B) are less appropriate for targeting a specific audience like hiring managers.

(Reference: Slack Administration Study Guide - Managing Sensitive Information in Channels)

### NEW QUESTION # 108

Anastasia is an Org Owner on the Enterprise plan. In the Sales Workspace, Anastasia has noticed a large drop in the percentage of views in public channels.

What should Anastasia do next?

- A. Ask the Sales team to react with :eyes: when they have read a message.
- B. Instruct Sales managers to use more @channel's and @here's in their announcements.
- **C. Provide additional learning and host a Slack day.**
- D. Identify the most active members and ask them to post more in public channels.

**Answer: C**

### NEW QUESTION # 109

.....
