Scrum SAFe Product Owner/Product Manager POPM (6.0) Sample Questions (Q27-Q32):

NEW QUESTION # 27

Which is developed by teams and rolled up to the ART level during PI Planning?

- A. Risks
- B. Milestones
- C. Dependencies
- D. Objectives

Answer: D

Explanation:

Explanation

Objectives are developed by teams and rolled up to the ART level during PI Planning. Objectives are a summary of the business and technical goals that the teams and the ART intend to achieve in the upcoming Program Increment (PI)¹. During PI Planning, each team creates their own team PI objectives, which are then presented and reviewed by the ART and the stakeholders². The aggregated team PI objectives form the ART PI objectives, which provide a common vision and alignment for the ART³.

NEW QUESTION # 28

What can increase the effectiveness of Backlog Refinement?

- A. Refine Stories during Iteration Planning
- B. Include a few team members
- C. Schedule the event on a regular cadence
- D. Have separate meetings with subject matter experts

Answer: C

Explanation:

One of the factors that can increase the effectiveness of Backlog Refinement is to schedule the event on a regular cadence. Backlog Refinement is the process of reviewing, updating, and prioritizing the backlog items to prepare them for future iterations or sprints¹. By scheduling the event on a regular cadence, such as once or twice per week, the team can ensure that the backlog is always accurate, relevant, and ready for planning². A regular cadence also helps the team to avoid cramming too much work into a single session, which can lead to lower quality and reduced collaboration³.

NEW QUESTION # 29

What is a pattern for splitting Features into Stories?

- A. Layers of the technology stack
- B. Team skills
- **C. Variations in data**
- D. Tasks to complete

Answer: C

Explanation:

A pattern for splitting Features into Stories is to use variations in data, which means identifying different types of data that the feature can handle and creating a story for each type. For example, a feature that allows users to upload files can be split into stories for different file formats, sizes, or sources. This way, the stories are independent, testable, and valuable¹² References:

NEW QUESTION # 30

Why is the problem-solving workshop more effective than traditional lessons learned documents?

- A. Workshops are more engaging than document writing
- **B. It makes improvements actionable through backlog items for the next PI**
- C. It involves a small group of leaders
- D. Collaboration over documentation is a key recommendation of the Agile Manifesto

Answer: B

Explanation:

The problem-solving workshop is more effective than traditional lessons learned documents because it makes improvements actionable through backlog items for the next Program Increment (PI). A problem-solving workshop is a structured approach to identify and solve problems that affect the performance and quality of the Agile Release Train (ART) or Solution Train¹. Unlike traditional lessons learned documents, which are often passive and rarely implemented, a problem-solving workshop results in a set of improvement backlog items that are prioritized and planned for the next PI². This way, the teams can implement the improvements and measure their impact on the value delivery³.

NEW QUESTION # 31

In a 12-week PI, how often does the Innovation and Planning (IP) Iteration occur?

- A. Once per year
- **B. Every quarter**
- C. Every two Iterations
- D. Every two PIs

Answer: B

Explanation:

Explanation

The Innovation and Planning (IP) Iteration is a unique, dedicated iteration that occurs every Program Increment (PI). A PI is a timebox of 8 to 12 weeks, during which an Agile Release Train (ART) delivers incremental value in the form of working, tested software and systems. Therefore, in a 12-week PI, the IP Iteration occurs every quarter

NEW QUESTION # 32

.....

People can achieve great success without an outstanding education and that the Scrum qualifications a successful person needs can

be acquired through the study to get some professional certifications.
